Town of Chester
Annual Report
June 30, 2008
Elections 5/12/09
Meeting 5/13/09

Dedicated to:
Melissa Rosetti
Library Director

In recent times, Melissa Rosetti is a name almost synonymous with the Chester Public Library. We have all come to expect her friendly voice on the telephone or her smile and excitement to help when visiting at the Chester Public Library. In saying goodbye to us, Melissa wrote about the many “hats” she has worn during her involvement with the Library. She volunteered at age 10 passing books hand-to-hand from Stevens Memorial Hall to the new Library, and she worked her way from a sub to an Aide. She served on the Board of Trustees for seven years and held positions both as Chairman and as Treasurer. She returned as a Library Assistant Director and then was made Director in 2001. Under her direction, the Library is proud to have a new website, an in-house book club, and three thriving Summer Reading Programs to pass along. Her active engagement in enriching lives through her creativity, love of literature, and warm caring for Chester residents will be sorely missed. Our heartfelt thanks, Melissa. Our “hats” go off to *you*!

Mark A. Harris, Selectman
Robert E. Brown, Selectman

In Memory of Col. Richardson Benton June 20, 1914 – May 29, 2008

Col. Richardson Benton was a celebrated citizen throughout his residency in Chester and beyond. He, too, wore many hats. He was Selectman, State Representative, Town benefactor, active in the College, in the Chester Congregational Baptist Church, civic ceremonies, historical preservation, Parkland Medical Center, and more. He is known affectionately to Chester residents as “the Colonel.”

Judy and the Colonel on Flag Day at the Library are shown above and on the Front Cover (courtesy of the Chester Historical Society).

“The most important thing about the Colonel is that he always showed up,” says Judy Balk. Judy became a close friend of the Colonel’s working with him at the Library, having early breakfast with him at the Olde Post (Marty’s) when he came for different occasions. She fondly described how he wore his special straw hat with the homemade band that changed according to each activity at the Library. For Women’s History, his band read “I (heart) women,” Judy recalled with a smile. “He started the Memorial Flag Day Ceremonies with the Fourth Grade at the Library and each year he presented a new flag to the Library in honor of his late wife Betty.”

Judy spoke of the Colonel: Besides the many public things that he did, he also worked behind the scenes - helping people who would never realize who their “Angel” was. He lived simply and with an unselfish heart. He subsidized the addition to the Library, a generous gift, but he also gave items such as memorial books, window blinds, bookmarks, and everything in between. He was a good neighbor to all.

Judy added: “Main thing, he taught me: to never neglect history and to show up.”

Pictured here and on the Front Cover are scenes from Chester’s Farewell to the Colonel (courtesy of the Tri-Town Times):

To the right:

Richard Benton receives the Flag in honor of his father, the Colonel.

In Memorial

We have lost too many good people and we wish to offer our condolences to all. We note here some of those that we are aware of and who have been, as all would be, an important part of our community. This memorial is dedicated to these good people.

Scott Rice is remembered as being kind, wonderful, knowledgeable, and dedicated to his Town.

Carl Morin was known as a big family man with a big heart and a love for being outside and "moving soil."

Roberta Blair (shown here with Aunt Edie) (photo courtesy of Barbara Dolloff)
(Also from Barbara in "Birdie's" honor: please see the poem "Hugs for Everyone" printed elsewhere in our Town Report.)

Joan Hicks is remembered in one of her favorite roles as "Mrs. Claus" at the Town Hall.

If we have missed any, please do not take it as anything other than an oversight, and kindly let us know so that we may include them with our next report. Also, please see the page following for a partial continuance of the many good people we will miss.

In Memorial

(continued)

Sergeant Robert L. "Bud" Hall
(pictured above and left at different
stages of his life)

January 1, 1919 – April 26, 2008

**Served his country as a United
States Marine from 1942-1946.**

Sergeant "Bud" Hall was a resident of Chester for 52 years. He was a member of the Chester Congregational Baptist Church, the Chester Senior Citizens, American Legion, a past member of the Chester Lions Club, PTA, and a charter member of the 1st Marine Division Association.

***Janet Snyder
was known as a
wonderful family
person who worked
with the youth
community.***

**Town of Chester
Official Town Election
May 13th – 14th, 2008**

The Town of Chester election for officers and zoning amendments was held on Tuesday, May 13th, 2008. The election was held at the Chester Multi-Purpose Room. The polls were opened at 8:00am. Moderator Michael Scott officially closed the polls at 7:00pm.

Article #1: To choose the necessary Town Officials for the ensuing year.

The results of the election were as follows:

TOWN

Board of Selectmen for 3 years:

(Vote for not more than 2)

Paul Krafton	-	225
Stephen O Landau	-	314 *
Michael Weider	-	235
Robert Brown	-	388 *
Joseph Castricone	-	136

Town Clerk/Tax Collector for 3 years:

(Vote for not more than 1)

Barbara L Gagnon	-	640 *
------------------	---	-------

Town Moderator for 2 years:

(Vote for not more than 1)

Michael Scott	-	584 *
---------------	---	-------

Town Treasurer for 3 years:

(Vote for not more than 1)

Donald Parnell	-	548 *
----------------	---	-------

Library Trustee for 3 years:

(Vote for not more than 2)

Kandace Knowlton	-	513 *
Deborah Munson	-	508 *

Budget Committee Member for 3 years:

(Vote for not more than 3)

Thomas LaPorte	-	477 *
Richard Bellemore (write-in)	-	6
Andrew Hadik (write-in)	-	3

The citizens with write-in votes should contact Moderator Scott to confirm if they would like to take the open positions.

Supervisor of the Checklist for 6 years:

(Vote for not more than 1)

Leslie Packard (write-in)	-	*
---------------------------	---	---

Great Hill Cemetery Trustee for 3 years:

(Vote for not more than 1)

John Colman (write-in)	-	17
------------------------	---	----

Great Hill Cemetery Trustee for 5 years:

(Vote for not more than 1)

John Nucci	-	564 *
------------	---	-------

The citizen with write-in votes should contact Moderator Scott to confirm if he would like to take the open position.

Village Cemetery Trustee for 3 years:

(Vote for not more than 1)

Aaron Mansur	-	521 *
--------------	---	-------

Wilcomb Townsend Trustee for 5 years:

(Vote for not more than 1)

Cynthia Tunberg	-	590 *
-----------------	---	-------

Article #2: Are you in favor of the adoption of **Amendment #1** as proposed by the Planning Board for the town zoning ordinance as follows?

Amend: Amend the title of the current Table 2 to read Setbacks and No Clearing Buffer Zones, create a section in Table 2 for clearing of driveways and to add footnotes referencing where the Exeter River is described and where No Clearing Buffer is defined.

Yes 327 / No 291 Article #2 carries.

Article #3: Are you in favor of the adoption of **Amendment #2** as proposed by the Planning Board for the town zoning ordinance as follows?

Amend: Adopt Article 13 – Growth Management with amendments to section 13.3 Maximum Sustainable Growth to allow for a more timely determination of the maximum growth rate.

Yes 418 / No 200 Article #3 carries.

Article #4: Are you in favor of the adoption of **Amendment #3** as proposed by the Planning Board for the town zoning ordinance as follows?

Amend: Amend section 4.8 – Farming by adding a new Subsection 4.8.2 - Best Management Practices to read as follows: “4.8.2.1 – Livestock shall not be penned, tied, or housed within a one hundred (100) foot protective radius around a residential well nor shall manure be stored within such a radius.”

Yes: 418 / No 233 Article #4 carries.

Article #5: Are you in favor of the adoption of **Amendment #4** as proposed by petition of the voters for the town to amend Table 2 as follows?

“Table 2, Setbacks, No Cut and No Clearing Zones” so that all Exeter River setbacks and buffer requirements are the same as those currently required for Wetlands and Ponds, Creeks and Streams. Adoption of this amendment will establish consistency for setbacks and buffers applicable to all designated sensitive and prime wetlands. [The planning board does not recommend adoption and disapproves of this zoning amendment.]

Yes: 369 / No: 274 Article #5 carries.

At this point Moderator Michael Scott turned control of the meeting over to School Moderator Kevin Scott, who then opened the School portion of the meeting.

SCHOOL

School Board Member for 3 years:

(Vote for not more than 2)

Michael Romick	-	484 *
Matthew Stover	-	494 *

School Clerk for 1 year:

(Vote for not more than 1)

Robert Grimm	-	529 *
--------------	---	-------

School Board Member for 2 years:

(Vote for not more than 1)

Catherine Treanor	-	529 *
-------------------	---	-------

School Treasurer for 1 year:

(Vote for not more than 1)

Emily Haswell	-	555
---------------	---	-----

School Moderator for 1 year:

(Vote for not more than 1)

Kevin Scott	-	519 *
-------------	---	-------

Question #1: Shall we adopt the provisions of RSA 40:13 (known as SB2) to allow official ballot voting on all issues before the Chester School District on the second Tuesday of March? 3/5 votes required.

Yes 351 / No 229

Question #1 carries.

School Moderator Kevin Scott closed the School portion of the meeting.

The Board of Selectmen introduced the new Boston Post Cane holder, Alice Renaud, who made a few brief remarks.

Moderator Michael Scott resumed control of the Meeting.

Board of Selectmen Chair Michael Weider gave a brief overview of this year's proposed Budget. The entire proposed budget is approximately \$3.4M, approximately \$1.2M of which is for a roadwork bond. The tax rate is estimated to increase by \$3.94 per thousand. If the roadwork bond fails to pass, all warrant articles could be voted in without violating the 10% rule.

Budget Committee Chair Rhonda Lamphere spoke on behalf of the Budget Committee. She asked the citizens to ask themselves if they needed, and could afford, what they voted for. The \$3.94 tax rate increase is due to the increase in the School District budget. The Budget Committee removed some items from the proposed budget and turned them into Warrant Articles. They have also requested paper ballots be used on certain questions.

Budget Committee Chair Lamphere moved that Article #s 25, 24, 27, 28, and 29 be taken out of order, and in that order, after Article #6 had been debated and voting began, as the voting for Article #6 must remain open for one hour and no other financial articles could be voted on until the results were known. Article #s 25, 24, 27, 28, and 29 have no financial impact on the town and could be debated and voted upon before the results Article #6 were determined. The motion was seconded; the question was called. It was carried by voice vote; Article #s 25, 24, 27, 28, and 29 will be taken out of order, in that order.

Article #6: Shall the Town of Chester vote to raise and appropriate the sum of \$1,430,000 (One Million Four Hundred Thirty Thousand Dollars) (Gross Budget) for the construction, reconstruction and improvement of town roads, approximately 6/10 of a mile of East Derry Road, and for work on Jennifer Drive, Holman Way, Parker Road, and Rand Drive, and authorize the issuance of not more than \$1,430,000 of bonds or notes in accordance with the provision of Municipal Finance Act (RSA 33), and authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further, authorize the Selectmen to apply for, accept and expend grants for this project that may be available, and finally to raise and appropriate the additional sum of \$9,000 (NH Bond Bank) plus \$4,000 for the documentation and issuance costs for the

bond and authorize the Selectmen to take any other action necessary to carry out this vote?

(Tax Impact 0.03 cents)

(2/3 ballot vote required)

(Selectmen Recommend)

(Budget Committee Recommends 6-0)

Article #6 was read, moved to the floor, and seconded.

Budget Committee Member Chris Hadik stated that the 3¢ tax impact was the cost to obtain the bond, not the cost of the bond itself, which would not be part of the upcoming year's budget. The estimated tax impact for the bond itself would be 30¢ per thousand, beginning with next year's budget.

Road Agent Michael Oleson stated that Dubois & King had been hired to do a road assessment, and that these particular roads had been chosen as those most in need of work, and had originally been submitted as separate warrant articles. He was available to answer any questions about the roads.

Charlotte Lister asked Road Agent Oleson if the unfinished roads from the previous bond that still needed a wear coat would be worked on with this money. Road Agent Oleson stated that they would not.

Rob Brown asked about the interest rate expected for this bond. Interim Finance Manager Sheri Rockburn stated that the current average bond loan rate is approximately 4%. She clarified that during the first year of a bond, no payments of principal or interest are made, and that is why the tax impact is 3¢ rather than the 30¢ expected next year. She also stated that payments remain static from year to year.

Board of Selectmen Chair Michael Weider stated that if all of the referenced roads had been on the Warrant as separate articles rather than combined into a bond, the tax rate would be raised for the current year only for work on roads that would last many years.

Rob Brown stated that there had been a bond in 2004 when he was Road Agent, and that work was never finished on those roads. He stated that Road Agent Oleson had not done his homework and that other roads needed work more than the ones that were on the current bond.

Road Agent Oleson responded that the Town Engineers needed to determine what the specific problems were on the roads that Mr. Brown had never finished, and until that was done, it was financially imprudent to pay today's asphalt prices to put a wear coat on them that might not resolve the problems.

The question was called; a paper ballot was used. The ballot box remained open for one hour. **Yes 98 / No 101 Article #6 fails.**

Article #25: Petition to rescind the adoption of Budget Committee.

The individuals whose signatures appear below support a Warrant Article to be placed on the Ballot for the Chester Town Meeting in May 2008 to rescind the Warrant Article to adopt a Budget Committee and revert the committee status back to that of an Advisory Board pursuant to RSA 32:14V. If passed, this article would take effect May 2009.

Article #25 was read, moved to the floor, and seconded.

Kari Lerner spoke as a co-petitioner. She stated her opinion that local government was out of balance, with five on the board of selectmen, five on the school board, and nine on the Budget Committee; that the Budget Committee added a level of bureaucracy that was not needed in a small town; that it was an additional workload on Department Heads who needed to present and justify their budgets to the Budget Committee. She stated that Department budgets were not padded, and that she didn't want the final word on public safety to be with the Budget Committee.

Charlotte Lister stated that she didn't believe the size of the Budget Committee to be the problem; rather, the real issue was that they had powers as a committee that they did not have as an Advisory Board. She would like the citizens to decide for themselves whether that was good or bad.

Rob Brown stated that the newspaper had telephoned him for his opinion on the matter and that he was in favor of returning the Committee to Advisory Board status. He stated that when he was Road Agent, the Budget Committee had cut his budget two years in a row, but now that Michael Oleson was Road Agent, they had increased his budget. He believes that it was personal and that the Department Heads and Board of Selectmen should have the final say on all budget matters.

Maureen Lein stated that an elected committee was the only tool to protect against raised taxes; Al Hamel stated that an elected committee was the way to protect interest.

Rob Brown stated that since the Budget Committee became a committee rather than an advisory board, they had suggested that the Town hire a finance director, which was another layer of bureaucracy. He was in favor of returning them to an advisory board.

Joe Castricone stated that being on the Budget Committee was a thankless job, but that the Budget Committee were the ones that were running the Town, and it should be the Board of Selectmen. He recommends returning the Committee to an Advisory Board.

Budget Committee Member Mat Stover disagreed, stating that it was not the Budget Committee who decided what should be spent – it was the citizens of Chester. He stated that the Budget Committee was a great improvement over the Advisory Board, citing

figures showing that prior financials were not good, and that nobody had been held to standards. He cited the previous road bond of 2004 as an example.

Board of Selectmen Chair Weider stated that he had sat on the Budget Committee as an ex-officio member, and that although it needed improvement, it added value to the Town. He stated that the Board of Selectmen had too much to do without the assistance of the Budget Committee.

Andrew Hadik stated his preference for an elected committee rather than an appointed advisory board. He expects that Department Heads will request an increase in their budgets, and that in turn Department Heads should expect to justify their requests. He cited the School Board meeting as one that had moved quickly, as the Department Heads had already justified all of their requests. In the end it is up to the citizens of Chester to decide whether or not they need it and can afford the expenditures.

Dianna Charron stated that she had been chair of the Budget Advisory Board many years ago, and that she preferred it now. She stated that Department Heads needed to be held accountable.

Chuck Plum stated that Andrew Hadik made sense; that an increasing tax rate was pricing people out of their homes. He believes that the School Board meeting went quickly because nobody in Town was aware of it.

Carrie Hadik stated that she appreciated the work of the Budget Committee, and that people should remember that with an elected Budget Committee, the 10% budget cap applies; with an appointed Advisory Board, the sky was the limit.

Al Lerner, also a co-petitioner, stated that the petition was not intended to limit people's input, but that he wanted power returned to the Board of Selectmen.

Budget Committee Vice-Chair Tom LaPorte stated that the Budget Committee tried not to get involved in the rumor mill, but only to advise on the Town's finances. He addressed a recent article in the Tri-Town Times. He stated that the tax rate used to increase by more than 10% every year; now it's 5% or less. He discusses the benefits and accomplishments of the Budget Committee, warned that its abolition might cost the Town productivity and oversight, and suggested a possible return to the previous double digit tax rate increases. He also pointed out that if Article 26, which calls for the reduction of the Budget Committee to three people, carries, only two people would constitute a quorum.

Gene Charron advised that the Town keep the elected Budget Committee, citing the importance of accountability. He also suggested that citizens might want to stop talking to the media about the Town's business.

The question was called; a paper ballot was used. The ballot box remained open for one hour. **Yes 40 / No 153 Article #25 fails.**

At this point, the Board of Selectmen took control of the meeting in order to present this year's awards.

The Employee of the Year was presented to Fire Chief Rich Antoine.

The Part-Time Employee of the Year award was presented to Police Officer Scott Haggart.

The Volunteers of the Year award was presented to Marge and Dick Godfrey.

A 25 Year Service Award was presented to Police Sergeant Leonard Leclair.

An award was presented to Board of Selectmen Administrative Assistant Pat Martin.

An award was presented to outgoing Board of Selectmen Chair Michael Weider.

A Windsor chair has been purchased for the historical society to honor Mrs. Evelyn Noyes.

The names of all of the Town's previous Selectmen were read, and each was presented with a Town Seal pin.

At the conclusion of this section, Moderator Michael Scott again took control of the Meeting.

Article #24: Shall the Town of Chester vote to authorize the Selectmen to enter into a lease of a portion of Town-owned land (Tax Lot 17-7) to Gary and Sharon Welch of 17 Haverhill Road, Chester, New Hampshire, 03036 for an area approximately 60 feet by 60 feet along the edge of Tax Map Lot 17-6 on such terms and conditions as the Selectmen determine are in the best interest of the Town.

(If passed, this will have no tax impact.)

Article #24 was read, moved to the floor, and seconded.

Barbara Rice stated that the Board of Selectmen had no right to lease conservation land to a private citizen, and that the land in question was on a Conservation Easement. The Welches evidently own landlocked property.

Charlotte Lister asked if this is for the homeowners' driveway; Selectman Hassam replied that it was. She stated that that particular land was a class 6 road, and that she had prepared an amendment: "to allow the use of town road for a driveway. Road will remain town property.". The amendment was moved to the floor and seconded.

Kevin Scott stated that Ms. Lister was in error; that the land in question was actually to the right of the homeowners' driveway, and that it was insignificant to the conservation land, as people currently park on it. He suggested that the amendment be defeated.

Ms. Lister asked that her amendment be withdrawn; the request was moved, seconded, and the question was called. The amendment was withdrawn, and the article returned to its original state.

Colin Costine stated that the previous owner of the property had not owned a car, and as such there had not been a driveway. When the Welches bought the property, they needed that portion of land to park their car, and the Town had been leasing it to them for \$1 a month since that time. He would like to know why this was changing.

Selectman Hassam stated that nothing was changing, but the lease itself needed to be voted upon by the Town.

The question was called; the voice vote was in the affirmative. **Article #24 carries.**

Article #27: Submitted by Citizens' Petition. To grant the following easement located at what is commonly referred to as Spollett's General Store, solely for the purposes of ingress and egress, to Mary Gesel of said Town of Chester:

Beginning at a point on the southerly side of Haverhill Road N 49°06'24"E 14.26' from an Iron Pipe found down 2", said point being the southwest corner of the herein described easement, thence N 49°06'24" and along the southerly side of the before mentioned Haverhill Road to a point S 49°06'24" W 212.72' from a 1" iron pipe found, thence;

N 32°56'45" W 1.33 to a point, thence;
S 57°15'45" W 18.60' to a point, thence;
S 32°15'36" E 4.00' to the point of beginning.

Said parcel being 49 square feet and being more fully shown as "easement area" on a plan entitled "Easement Plan Prepared for & Land of Mary A. Gesel & Town of Chester, 2 Haverhill Road, Chester N.H." dated June 7, 2007.

Article #27 was read, moved to the floor, and seconded.

Jerome and Justin Gesel spoke on behalf of the petition. They stated that the steps to Spollett's store are on Town Owned Land.

Board of Selectmen Chairman Michael Weider clarified the point that the airlock added to the store in previous years had been constructed by the Gesels on town owned property, and that granting them an easement meant that they could subdivide and sell the property. The Board of Selectmen had no authority to grant the easement alone.

The question was called; the voice vote was in the affirmative. **Article #27 carries.**

Article #28: Submitted by Citizens Petition. To see if the Town will vote to approve the following resolution to be forwarded to our State Representatives, our state senator and

our Governor: Resolved: We the citizens of Chester, New Hampshire, believe in a New Hampshire that is just and fair. The property tax has become unjust and unfair. State leaders who take a pledge for no new taxes perpetuate higher and higher property taxes. We call on our State Representatives, our State Senator and our Governor to reject the “Pledge”, have an open discussion covering all options, and adopt a revenue system that lowers property taxes.

Camilla Lockwood spoke as the petitioner. She stated that she wanted to release lawmakers from the pledge and to have them consider all other forms of taxes.

Gene Charron stated that he had not taken the pledge.

The question was called; the voice vote was in the negative. **Article #28 fails.**

Article #29: To see if the Town will vote to change an existing full time fire fighter position to a full time working Chief position by combining the full time salary budget line item with the Chief’s stipend budget line item into one full time salary budget line item.

(If passed, this will have no tax impact)

Board of Selectmen Chair Michael Weider moved that Article #29 be tabled. Selectman Jack Cannon explained that it was merely housekeeping to recognize Fire Chief Richard Antoine as Fire Chief. The motion was seconded; the question was called. It was carried by voice vote; **Article #29 was tabled.**

Article #7: To see if the Town will raise and appropriate the sum of three million, four hundred forty four thousand, eight hundred ninety eight dollars (\$3,444,898) for the support of the Town government for the payment of salaries and for the payment of statutory obligations of the Town. This article does not include appropriations voted in other warrant articles.

(Selectmen Recommend)

(Budget Committee Recommends)

	Total Appropriation	\$3,444,898	\$3,444,898

Article #7 was read, moved to the floor, and seconded.

Chuck Plum reiterated his previous statement that a rising tax rate was pricing people out of their homes.

The question was called; the voice vote was inconclusive. A show of hands was requested; the hand vote was in the affirmative. **Article #7 carries.**

Article #8: Shall the Town of Chester vote to raise and appropriate the sum of \$33,483.40 for the purchase of a police cruiser and an in-car camera for the Police Department?

(Tax Impact 0.06 cents)

(Selectmen Recommend)

(Budget Committee Recommends 7-0)

Budget Committee Member Chris Hadik gave a brief explanation as to why Article #s 8, 9, and 10 were broken out of the budget rather than included in it. Originally the request had been to lease three vehicles; it was now to purchase two. He stated that the vehicles were a necessity for the Town.

Joe Castricone asked if the current cruiser problem had been solved; Selectman Cannon explained what work had been done to it.

The question was called; the voice vote was in the affirmative. **Article #8 carries.**

Article #9: Shall the Town of Chester vote to raise and appropriate the sum of \$37,853.00 for the purchase of a Ford Expedition and an in-car camera for the Police Department?

(Tax Impact 0.07 cents)

(Selectmen Recommend)

(Budget Committee Recommends 7-0)

Article #9 was read, moved to the floor, and seconded.

Lonny Rutledge asked why the Police Department needed to purchase a large gas guzzling vehicle.

Budget Committee Vice-Chair LaPorte stated that he had asked Police Chief Burke this question, and the answer was that it was a better quality vehicle that would last longer, and was not intended to be a daily driver. It was needed for off road travel, inclement weather, and the transportation of larger groups of personnel and equipment.

Judy Cropper stated that she had sold Fords previously and suggested an Explorer rather than an Expedition, as it got better gas mileage – 15mpg rather than 9mpg. Budget Committee Vice-Chair LaPorte disputed the difference in mileage. Al Hamel asked how

much the Police Department was paying for gasoline at the present time – market price, or without taxes. Police Chief Burke responded that they were not paying taxes on their gasoline.

Gene Charron expressed concern that these vehicles were being bought via a warrant article rather than via a CIP (Capital Improvement Program). Board of Selectmen Chairman Weider stated that the Town was looking into funding a CIP.

The question was called; the voice vote was in the affirmative. **Article #9 carries.**

Article #10: Shall the Town of Chester vote to raise and appropriate the sum of \$10,000.00 to purchase two (2) in-car cameras for the Police Department and authorize the Selectmen to apply for, accept and expend a 50% matching grant for this purpose, provided further that this article be null and void and of no effect if a grant for the purchase of the cameras is not received.

(Tax Impact 0.02 cents)

(Selectmen Recommend)

(Budget Committee Recommends 6-0)

Article #10 was read, moved to the floor, and seconded.

The question was called; the voice vote was in the affirmative. **Article #10 carries.**

Article #11: Shall the Town of Chester vote to raise and appropriate the sum of \$275,000.00 for the repair and reconstruction of the Wason Pond Dam in order to satisfy the requirements identified by the Dam Safety Engineer of the State of New Hampshire, Department of Environmental Services?

(Tax Impact 0.49 cents)

(Selectmen Recommend)

(Budget Committee Does Not Recommend 1-6)

Article #11 was read, moved to the floor, and seconded.

Selectman Stephen Landau stated that the repair plan was prepared and that permitting needed to begin. Since the highway bond warrant article had been defeated, he would like this article to pass; had the highway bond article passed, he would have tabled this article.

Budget Committee Chair Lamphere moved to amend the article by adding the word “complete” between ‘the’ and ‘repair’, so that the article would read:

Shall the Town of Chester vote to raise and appropriate the sum of \$275,000.00 for the complete repair and reconstruction of the Wason Pond Dam in order to satisfy the requirements identified by the Dam Safety Engineer of the State of New Hampshire, Department of Environmental Services?

The amendment was seconded.

Budget Committee Chair Lamphere stated that the original price quoted for repair had been \$350,000; since \$75,000 had been appropriated last year, this \$275,000 should be enough to finish the work. She did not want this matter to be brought up every year.

Selectman Landau clarified that the \$75,000 appropriated last year had been for the plan and permitting. He outlined the expected time frame for the run-up to the repairs, and stated that repairs may not actually begin until May of 2009. He is concerned that not appropriating this sum would send a message to the Dam Bureau that the Town was not acting in good faith and had no intention of repairing the dam. He would have preferred the funds come from a capital reserve, but it was too late for that.

Chuck Myette stated that as the repairs would be going out to bid, latitude in the amount was needed.

Andrew Hadik stated that he wanted the dam repaired, but is concerned that errors could occur in the construction, and wants assurance of onsite engineering oversight and management.

Board of Selectmen Chair Weider stated that the contract with Dubois and King contained provisions for the oversight and management.

The question was called as to the Amendment; the voice vote was in the negative. **The Amendment to Article #11 fails** and the wording remains that originally printed on the Warrant.

Budget Committee Member Chuck Heuer stated that the Budget Committee was not recommending passage of the article due to the fact that the quote was now eleven (11) months old.

Chuck Myette stated that the dam needed to be repaired, and that it could not wait another year. The next storm might destroy it completely.

Board of Selectmen Chair Weider stated that the Town would be asking for another bond in next year's budget, and that right now construction companies were looking for work.

Judy Cropper stated that she had worked on dams previously and that Grace Levergood was always willing to work closely with Towns. She asked why the boards on the dam had been pulled out. She asked if there had been any discussion about constructing any other style of dam.

Selectman Landau stated that the boards had been removed and left out by the order of Grace Levergood, and that although various styles of dams had been considered, this was the style preferred by Ms. Levergood.

Diana Charron asked if this sum would violate the 10% rule, and was informed that it would not. Moderator Michael Scott reiterated that as the Highway Bond had failed, all of the remaining Warrant Articles could pass without violating the 10% rule.

Gene Charron asked why the Town was asking for the \$275,000 now, since the work wouldn't actually begin until May 2009, and would the State accept a smaller sum being appropriated at this time. Selectman Landau stated that unfortunately the Town cannot put the work out to bid without the money.

Al Hamel asked for an explanation of the problems with the dam. Selectman Landau explained that after two major flooding events, the earthen wall had been breached. The surface of the dam is 20'; building a concrete box in front of it will increase the size of the spillway and take pressure off of the existing dam.

David Scott asked if the Town was having second thoughts, and what would it cost to remove the dam entirely? Board of Selectmen Chair Weider stated that that cost would be approximately \$150,000.

Andrew Hadik stated that if the dam were to go out, you would never be able to put it back.

Rob Brown stated his opinion that the Town had showed intent to repair by appropriating the \$75,000 last year, and would like this made into a bond next year.

Dan Batting asked if the repair was not funded, would the State require that the dam be removed. Selectman Landau did not know for certain, but knows that no work can be bid on or done without the money being appropriated.

Budget Committee Member Chris Hadik stated that he is in favor of the dam repair, but that this new information means that the work can be put off until next year. He believes the article should be tabled.

Budget Committee Vice-Chair LaPorte stated that he was against the article due to a lack of real written estimates. He suggested coming to some sort of compromise that would send a show of good faith to Concord.

The question was called; the voice vote was inconclusive. A show of hands was requested; this was also inconclusive. Hands were counted.

Yes: 64 / No 71

Article #11 fails.

Article #12: Shall the Town of Chester vote to raise and appropriate the sum of \$61,100.00 for the purpose of hiring one full-time police officer, said sum to include salary, benefits, and full uniform and equipment?

(Tax Impact 0.11 cents)

(Selectmen do not recommend)

(Budget Committee Does Not Recommend 0-7)

Article #12 was read, moved to the floor, and seconded.

Selectman Cannon stated that the State Average is 1.8 police officers per 1000 residents, so the Town of Chester should have eight police officers; it has three.

A petition was received with the required five signatures to have this article decided by a paper ballot.

Yes: 35 / No 91

Article #12 fails.

Article #13: Shall the Town of Chester vote to raise and appropriate the sum of \$120,000.00 for engineering plans and specifications for the reconstruction and repair of Lane Road and Fremont road?

(Tax Impact 0.22 cents)

(Selectmen Recommend)

(Budget Committee Does Not Recommend 2-4)

Article #13 was read, moved to the floor, and seconded.

Road Agent Oleson stated that he had multiple Requests for Action on these particular roads, and the requested funds were for engineering work to determine exactly what work is needed and how to proceed.

Rob Brown asked what the Town would get for the funds.

Road Agent Oleson repeated that the Town would get plans and specifications in order to determine what work was needed.

The question was called; the voice vote was in the negative. **Article #13 fails.**

Article #14: Shall the Town of Chester vote to raise and appropriate the sum of \$85,000.00 (Eighty-Five Thousand Dollars) to be added to the Winter Road Maintenance Expendable Trust Fund established in 2006 for the purpose of sanding, salting, plowing and compensating workers for winter maintenance of roads in the Town of Chester?

(Tax Impact 0.16 cents)

(Selectmen Recommend)

(Budget Committee Recommends 6-1)

Article #14 was read, moved to the floor, and seconded.

Selectman Weider stated that these funds were to replenish the Winter Maintenance Fund, which had been spent down this past winter. These funds were only to be used for winter maintenance.

Budget Committee Vice-Chair LaPorte voiced his support for this Warrant Article, stating that it worked well.

Rob Brown again stated that the Road Agent's budget had been raised this year, and asked if the entire Winter Maintenance Fund had been spent this year; Chairman Weider stated that it had, and then some.

Road Agent Oleson pointed out that all prices had increased, and that since the Highway budget had been cut for two years in a row, it was only now getting back to the level it should be at.

Budget Committee Member Mat Stover stated that the Budget Committee, Board of Selectmen, and Road Agent were planning for the future, not dwelling on the past.

The question was called; the voice vote was in the affirmative. **Article #14 carries.**

Article #15: Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 to be known as the Fremont Road Bridge Capital Reserve Fund for the purpose of funding repairs and renovations to the Fremont Road bridge and raise and appropriate the sum of \$20,000.00 from taxation to be placed in this fund, and further raise and appropriate the additional sum of \$68,500 to be placed in this fund with said amount to come from fund balance (surplus) and not raised by additional taxation (the amount of surplus is equivalent to the encumbered appropriations for the Fremont Road Bridge made at the 2001 and 2005 town meeting) and further appoint the Selectmen as agents to expend from this Fund?

(Tax Impact 0.04 cents)

(Selectmen Recommend)

(Budget Committee Recommends 6-0)

Article #15 was read, moved to the floor, and seconded.

Andrew Hadik wished to clarify exactly which bridge on Fremont Road this article referred to.

Road Agent Oleson stated that it was the bridge over Towle Road. He stated that this \$88,500 was intended to be used with an 80/20 State of NH/Town of Chester match.

The question was called; the voice vote was in the affirmative. **Article #15 carries.**

Article #16: Shall the Town of Chester vote to raise and appropriate the sum of \$9,400.00 for the purpose of maintenance and repairs to the Spring Hill Farm and Buildings?

(Tax Impact 0.02 cents)

(Selectmen Recommend)

(Budget Committee Does Not Recommend 2-5)

Article #16 was read, moved to the floor, and seconded.

Chuck Myette stated that the maintenance of Spring Hill Farm and its buildings had previously been taken care of by the Town maintenance crew. As this was no longer the case, funds were needed.

The question was called; the voice vote was in the affirmative. **Article #16 carries.**

Article #17: Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of funding the acquisition of equipment and vehicles to be known as the Equipment and Vehicles Capital Reserve Fund and further raise and appropriate the sum of \$60,045 to be placed in this fund and further to appoint the Selectmen as agents to expend this fund. (This sum represents the CIP recommended appropriation of \$16,545 for cruiser replacement at the Police Department, \$17,500 for a generator at the fire department and \$26,000 for a rescue truck for the fire department.

(Majority vote required)

(Tax Impact 0.11 cents)

(Selectmen Recommend)

(Budget Committee Recommends 7-0)

Article #17 was read, moved to the floor, and seconded.

Budget Committee Chair Lamphere stated that a Capital Reserve Fund was an excellent instrument for future planning. This Warrant Article was for half the price of a cruiser and generator, and 1/6 the price of a rescue truck.

Scott St Clair stated that there was already \$10,000 in an offsite improvement fund for a generator; could this Warrant Article be reduced?

Board of Selectmen Chair Weider stated that the money could remain in the fund and the Town would ask for less next year.

Budget Committee Member Chris Hadik asked if more could be spent than requested on a particular item if there was money in the fund. Board of Selectmen Chair Weider answered that that was the case; items in the fund could come and go, but the funds would always be spent on equipment and vehicles.

Budget Committee Member Chris Hadik stated that he would like a line added to the Warrant Article stating that the Board of Selectmen needs to return to the Legislative Body to approve any expenditures. Budget Committee Chair Lamphere moved that the Article be amended to remove the words “and further to appoint the Selectmen as agents to expend this fund”. The amendment was seconded, and now reads:

Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of funding the acquisition of equipment and vehicles to be known as the Equipment and Vehicles Capital Reserve Fund and further raise and appropriate the sum of \$60,045 to be placed in this fund. (This sum represents the CIP recommended appropriation of \$16,545 for cruiser replacement at the Police Department, \$17,500 for a generator at the fire department and \$26,000 for a rescue truck for the fire department.

Board of Selectmen Chair Weider stated that a CIP is a living document, and there are rules in place about how funds can be spent. Budget Committee Member Hadik countered that the Board of Selectmen could spend the funds in any way they wished, but he wanted the Legislative Body to have the final say. Interim Finance Manager Sheri Rockburn stated that according to the Department of Revenue, funds can only be spent on the specified items.

The question was called as to the amendment; the voice vote was in the affirmative. **The Amendment to Article #17 carries.**

Selectman Cannon asked Attorney Graham if the amendment had caused limits to be placed on the spending; Attorney Graham stated that there had not, as long as the Legislative Body was consulted.

The question was called; the voice vote was in the affirmative. **Article #17 carries.**

Article #18: Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of renovating, upgrading, improving and adding on to Town buildings to be known as the Building Improvement and Maintenance Capital Reserve Fund and raise and appropriate the sum of \$24,107 to be placed in this fund and to name the Selectmen as agents to expend the fund. (This sum represents the CIP recommended appropriation for a 3-bay garage at the police station.)

(Majority vote required.)

(Tax Impact 0.05 cents)

(Selectmen Recommend)

(Budget Committee Does Not Recommend 1-6)

Article #18 was read, moved to the floor, and seconded.

Budget Committee Chair Lamphere stated that the Budget Committee does not support a new building at the Police Department.

Joseph Castricone moved that this article be amended similarly to the previous one; to wit, that the words “and to name the Selectmen as agents to expend the fund” be removed. The amendment was seconded, and now reads:

Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of renovating, upgrading, improving and adding on to Town buildings to be known as the Building Improvement and Maintenance Capital Reserve Fund and raise and appropriate the sum of \$24,107 to be placed in this fund. (This sum represents the CIP recommended appropriation for a 3-bay garage at the police station.)

The question was called as to the amendment; the voice vote was in the affirmative. **The Amendment to Article #18 carries.**

Board of Selectmen Chair Weider stated that any citizen could see the CIP, which was available for perusal in the Planning Office. This was simply planning for future expenditures.

Budget Committee Chair Lamphere stated that she was not against a CIP, and moved that the article be amended to change the requested sum from \$24,107 to \$1. The amendment was seconded, and now reads:

Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of renovating, upgrading, improving and adding on to Town buildings to be known as the Building Improvement and Maintenance Capital Reserve Fund and raise and appropriate the sum of \$1 to be placed in this fund. (This sum represents the CIP recommended appropriation for a 3-bay garage at the police station.)

Budget Committee Vice-Chair LaPorte urged the Town to support this second amendment.

Linda Elliot stated that no investment broker would open an account for \$1, and suggested the number be at least \$100.

The question was called as to the second amendment; the voice vote was in the negative. **The Second Amendment to Article #18 fails.** The article now reads:

Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of renovating, upgrading, improving and adding on to Town buildings to be known as the Building Improvement and Maintenance Capital Reserve Fund and raise and appropriate the sum of \$24,107 to be placed in this fund. (This sum represents the CIP recommended appropriation for a 3-bay garage at the police station.)

The question was called; the voice vote was inconclusive. A show of hands was requested; the hand vote was in the negative. **Article #18 fails.**

The Board of Selectmen challenged the hand vote, and hands were once again raised. The hand vote was confirmed to be in the negative; **Article #18 again fails.**

Dennis Maloney moved to reconsider the Article; he would like to amend the sum requested to \$5,000. The motion was seconded and the question was called. The voice vote was inconclusive; a show of hands was requested. The hand vote was inconclusive, and hands were once again raised and counted.

Yes: 45 / No 38 Article #18 will be reconsidered.

Dennis Maloney moved to reduce the sum requested from \$24,107 to \$5,000. The motion was seconded, and the article now reads:

Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of renovating, upgrading, improving and adding on to Town buildings to be known as the Building Improvement and Maintenance Capital Reserve Fund and raise and appropriate the sum of \$5,000 to be placed in this fund. (This sum represents the CIP recommended appropriation for a 3-bay garage at the police station.)

The question was called as to the third amendment; the voice vote was in the affirmative. **The Third Amendment to Article #18 carries.** The article now reads:

Shall the Town of Chester vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of renovating, upgrading, improving and adding on to Town buildings to be known as the Building Improvement and Maintenance Capital Reserve Fund and raise and appropriate the sum of \$5,000 to be placed in this fund. (This sum represents the CIP recommended appropriation for a 3-bay garage at the police station.)

The question was called as to the article; the voice vote was in the affirmative. **Article #18 carries.**

Article #19: Shall the Town of Chester adopt the provisions of RSA 31:95-c to restrict 100% of the revenue from highway block grants for highway expenditures. Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the highway special revenue fund, separate from the general fund. Any surplus in said fund shall not be deemed part of the general fund accumulated surplus and shall be expended only after a vote of the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of the revenue.

(Majority vote required)

(If passed, this will have no tax impact)

(Selectmen Recommend)

(Budget Committee Does Not Recommend 0-6)

Article #19 was read, moved to the floor, and seconded.

Budget Committee Member John Garvey stated that the Budget Committee does not support this article. They believe that the Highway Department is adequately funded and that this Article will raise the tax rate, as block grant money will not be in the general fund.

A citizen asked for a definition of a block grant. Board of Selectmen Chair Weider explained what it was, and stated that in his opinion there was no fat in the Highway Budget, and that highway money should be spent on the roads.

Rob Brown stated his opinion that block grant monies are from the fuel tax, and that approving this article would make the highway budget too large.

The question was called; the voice vote was in the negative. **Article #19 fails.**

Article #20: Shall the Town of Chester, if Article 19 is adopted, raise and appropriate the sum of \$108,834 for the purpose of improving, reconstructing, and paving roadways in the Town of Chester. Said funds to be withdrawn from the special revenue fund established as the Highway Special Revenue Fund in Article 19 above which funds are separate from the general fund.

(Tax impact 0.20 cents)

(Selectmen Recommend)

(Budget Committee Does Not Recommend 0-6)

Rob Brown moved to table this Article, as Article 19 had failed. The motion was seconded.

The question was called; the voice vote was in the affirmative. **Article #20 is tabled.**

Article #21: To see if the people of the Town of Chester will vote to raise and appropriate the sum of \$17,400.00 and authorize the withdrawal and expenditure of these funds from the Town Forest Fund in accord with RSA 31:113. Said Town Forest Fund was established in 1983 at Town Meeting. And further to authorize the Conservation Commission as the agents to expend these funds for the following purposes: to prepare a forest management plan for the Hatton Forest; to prepare and file a conservation easement for the South Woods properties; to prepare a forest management plan for the South Woods properties; to prepare a baseline monitoring report for the South Woods properties; and to develop an invasive species control plan for Herrick Woods, the Natural Area, and Spring Hill Farm and to carry out invasive species control activities.

(If passed, this will have no tax impact)

(Selectmen Recommend)

(Budget Committee Recommends 4-2)

Article #21 was read, moved to the floor, and seconded.

Chuck Myette explained that these funds are already available and in a separate bank account; all revenue from forest management activities go into this account. This Article simply allows the Conservation Commission to expend the funds.

Andrew Hadik stated his support for the Article and urged the Town to vote in favor of it.

Budget Committee Member Mat Stover asked how much money was in this account; Mr. Myette stated that it was somewhere in the \$25,000 range. Mr. Stover asked that a public accounting of this fund be made available next year.

The question was called; the voice vote was in the affirmative. **Article #21 carries.**

Article #22: Shall the Town of Chester vote to establish a special revenue fund pursuant to RSA 31:95c to be known as the Wason Pond Special Revenue Fund. The money received from fees and charges for the use and activities as the Wason Pond recreation area and facilities shall be allowed to accumulate from year-to-year and shall not be considered to be part of the Town's general fund unreserved fund balance. The Town treasurer shall have custody of all monies in the fund and shall pay out the same only upon the order of the Wason Pond Conservation & Recreation Area Commission and after approval by the Board of Selectmen (no further town meeting approval is required). These funds may be expended only for recreation and conservation purposes, and no expenditure shall be made in such a way as to require the expenditure of other town funds which have not been appropriated for that purpose.

(If passed, this will have no tax impact)

(Selectmen Recommend)

(Budget Committee Does Not Recommend 0-6)

Article #22 was read, moved to the floor, and seconded.

Chuck Heuer stated that although he applauded the work of the Wason Pond Commission, passing this Article could cause issues. The Budget Committee would not want to lock revenue up into one department; as it stands currently, flexible spending is possible and would not be so if this Article was passed.

The question was called; the voice vote was in the negative. **Article #22 fails.**

Article #23: To see if the town will raise and appropriate \$5,845.00 for the purpose of providing public, educational, and governmental access television in the town of Chester. Said funds to be withdrawn from the Special Revenue Fund established as the "PACT" Fund (Warrant Article 29, May 14, 2003), separate from the General Fund.

(If passed, this will have no tax impact)

(Selectmen Recommend)

(Budget Committee Recommends 7-0)

Article #23 was read, moved to the floor, and seconded.

The question was called; the voice vote was in the affirmative. **Article #23 carries.**

Article #26: Submitted by Citizens Petition

In accordance with RSA 32:15 IV, the individuals whose signatures appear below support a Warrant Article to be placed on the Ballot for the Chester Town meeting in May 2008 to reduce the total number of members of the budget committee to three (3).

If passed, this Article would take effect May 2009. The first year the terms would be staggered so one seat would be for 1 year, another for 2 years and the third for 3 years. Subsequent terms would be 3 years for each seat.

Article #26 was read, moved to the floor, and seconded.

Budget Committee Chair Lamphere moved to postpone consideration of this Article indefinitely. The motion was seconded.

The question was called; the voice vote was in the affirmative. **Article #26 is postponed indefinitely.**

Article #30: To transact any other business that may legally come before the Town.
(*Selectmen recommend*)

Board of Selectmen Chair Weider pointed out that there had been no reading of auditor reports. A citizen moved to accept the reports as provided; the motion was seconded.

The question was called; the voice vote was in the affirmative. **The Auditor Reports will be accepted as provided.**

No further business under Article #30 was raised.

A motion was made to adjourn the meeting; the motion was seconded. The voice vote was in the affirmative; so moved. The 2008 Town Meeting was adjourned at 12:19am.

A True Copy.

Attest:

/s/ Barbara L. Gagnon
Barbara L. Gagnon, Town Clerk

Minutes taken by Debra H. Doda

Selectmen's Report

Almost two hundred and fifty years ago. . . . about fifty years after the Charter of our Town. . . . in the midst of a great conflict. . . . our forefathers faced with despair, unfair taxes and a conflict some felt was not in our best interest. . . . listened to the words of a great writer. . . . "These are the times that try men's souls. . . . the summer soldier and the sunshine patriot will in this crisis, shrink from the service of his country. . . ."

The American Crisis, December 19, 1776 by Thomas Paine

These words have always made an impression. We are now faced with a great economic crisis. We are watching our jobs go overseas, our industry being sent to the far reaches of the world, our monetary system and savings being challenged to a level of great disparity in which some wonder how they will meet the next month's mortgage or rent, let alone put away funds for retirement. But we have been through this "fire" before. We have adapted; we have reorganized; and we have made decisions that have made our society stronger, even though the "nay sayers" have advised that the only thing we can expect is "doom and gloom."

Selectmen are elected to make the day-to-day decisions for the operation of the Town. We can guide; we can explore; and hopefully we lead, for a decision that benefits the Town over the course of the next year, or possibly for the next generation. This is what this Board has proposed in this year's Budget & Warrant Articles. There are hard decisions to be made. Some of our equipment is getting old. The Fire Department has put together an excellent program to describe the reasons for replacing our eleven-year-old "first responder" vehicle that will serve more than one purpose. We, as a community, have to decide our options; do we need an ambulance/rescue vehicle as our first responder?; what is the cost?; does it provide the services we expect (keeping victims out of the weather and in a controlled environment)?; and do we have the personnel to adequately staff this vehicle?

As with all of the Warrant Articles, the Board of Selectmen asked each of these and many additional questions. We came to the conclusion that this is worthy of coming forward in Town Meeting and for allowing the populace to decide. Even though the cost

is controlled and we have the proper "escape clauses" in the contract, the passage or failure will ultimately affect all of the residents.

This Warrant also has two Articles that are exactly the same. They are being brought forward because of differences of opinions. This Board has heard numerous times from the citizenry that more coverage is needed from the Police Department. This year a Federal Grant (COPS Grant) is being made available to the cities and towns. The problem that Chester faces (as well as all the other applicants) is that more communities apply for these grants than the number of grants available. Therefore, we are forced to make a decision. This Board has attempted to respond by asking our voters to accept the Grant if awarded; but if not awarded, then to hire additional full-time officers through the budgetary process. We have listened to the debates; we have considered the numbers; we have worked with the Department Heads and studied other towns. Our belief is that the time has arrived for us to increase our full-time police presence, but the final say is for the citizens and taxpayers.

Had our community not grown, had the surrounding area not expanded, we might be able to continue in our present capacity, but the calls have increased and the time spent in court has increased. It is hard to expect a part-time officer to be present for court proceedings or to give up time from a full-time occupation to cover a shift.

It is the hope of this Board that the voters will come and ask questions and make informed decisions on these matters.

The Board of Selectmen has applied for several grants. At the time of this printing of this Report, we have been informed that these grants have been awarded to the Town. First we wish to thank the voters for allowing us to apply and to accept these grants. Many times the processing period does not coincide with Town Meeting and in the past, we have not been able to apply for these programs.

Secondly, we wish to thank all of those who have applied for grants and programs. They have aided your Town by applying for and in some cases, receiving these appropriate grants. Two recent examples have been the new ventilation system at the firehouse and the well and fountain system at Wason Pond. They were applied for by Erin Newnan and Pat Martin respectively and we have been successful. The first was a total grant for over seventy thousand dollars (\$70,000). This has already been installed.

The second we just learned that we have been approved for a matching grant, which is one of our Warrant Articles. We hope you will support this in order for us to repair an ongoing problem and to be able to continue to use the Community Center.

Finally, let us thank all of the employees, volunteers, and citizens who help us make Chester what it is. We have had several people step up to vacancies that existed and vacancies that were created within our community by deaths or by people moving.

To all of you "a Heartfelt Thank You" and please be sure to vote on Tuesday, May 12th, and to attend Town Meeting on May 13th.

Town Clerk/Tax Collector's Report

This year all of us have seen so many changes due to the economy. I have noticed the difference in my office when people come in; they now register smaller cars instead of the big SUV's that were so popular two years ago. I still have lines of customers but for the most part, the E-Reg and the mail-in registrations have become quite popular. The only time you need to come in is when you purchase a new car; and with this economy, how often are we going to be doing that?

This past year there have not been any major program changes - just improvements to the system that never slowed the lines down so most people did not notice the difference. The new change this year was to the driver's licenses and to the look of the registrations. By the time the State decided to have us use the new-style registrations, they had all the bugs worked out of the system so changing to the new printers was really a breeze. It will just take time to get used to the new look.

I do not foresee any changes coming this year from the State - only improvements to the system so none of us should be inconvenienced by a slow down in the equipment.

I want to remind everyone that you must license your dogs by April 30th each year. If you do not, I will have to send you a civil forfeiture which will cost you more and could result in you going to court and paying a fine if you do not license your dog. If you are not able to come into the office, this can be done by mail. Simply send me a copy of the rabies certificate, a self-addressed, stamped envelope and the correct amount. It is \$6.50 for an altered male or spayed female, \$9.00 if the dog is not spayed or altered, and senior citizens get their first dog for \$2.00, then any other dog you have will be at the full price as listed above. Come June, the prices change so please call the office before you send in your check to avoid the check being returned to you.

As always, I am here to help you with whatever you need so please call and let me know what I can do for you.

Respectfully Submitted,
Barbara L. Gagnon, Town Clerk/Tax Collector
Linda Mansur, Deputy

Office Hours are:

Mon, Wed, Thurs. & Fri. 8:00am-12:30pm
Tues. 8:00 am-11:45 am & 12:30 pm-3:30 pm
E-mail address: chester9@gsinet.net

Supervisors of the Checklist

The Supervisors of the Checklist have registered 427 new voters between July 1, 2008 and late February 2009 bringing the total number of registered voters in Chester to 3,400.

There were 250 voters who registered on Election Day in November. The 177 others registered either during our sessions for the correction of the checklist held throughout the year or at the Town Clerk's Office.

During that time, we also removed 34 names from the checklist for various reasons.

Pictured above are some of Chester's Ballot Clerks working on Election Day!

In July, we were able to purchase five new voting booths to help keep Chester in compliance with state regulations. More will be needed as our registration numbers increase.

We post our registration sessions at the Town Offices, the Post Office, in the Tri-Town Times, and on Channel 20. We also use the sign at the center of town.

Voters are able to register to vote at the Town Clerk's Office during business hours. Please bring proof of citizenship, age, and residency.

To contact our office, leave a voice message at 887-4344 or send an e-mail to chestercs@gsinet.net. Please be patient waiting for a response as the supervisors work on an "as-needed" basis and do not keep regular office hours.

We would like to thank Karl Knudsen for his help over the last several years and welcome Leslie Packard.

Barbara Hatch, Chairperson, 2010

Dianna Charron, 2011

Leslie Packard, 2014

Chester residents exercising their right to vote on Election Day in 2008!

Finance Department

The Finance Department during the fiscal year 2007-2008 was still staffed with an interim Finance Director from Municipal Resources Incorporated and a temporary Bookkeeper from Account Temps.

The 2007-2008 audit was started in mid January 2008. There were minimal audit findings and no material audit adjustments. The Town is in a healthy financial position with an undesignated fund balance at the end of the year of \$1,088,344 or 9.8% of the General Fund's expenditures.

April 20, 2009

To the Residents of Chester, NH:

Attached is a comparison of the cash on hand at the beginning of the fiscal year and at the end of the fiscal year for your review.

This should be used in conjunction with the Annual Audit and Management Letter from Mason & Rich to assess the overall financial health of Chester.

If you should have any specific questions relating to the Annual Audit and Management Letter, I suggest that you contact the Board of Selectmen or the Finance Director to get your questions answered.

Regards,

Donald J. Parnell
Treasurer

Trustees of the Trust Funds

February 9, 2009

As your Trustees of Chester's Trust Funds, we meet regularly throughout the year to monitor the performance of the funds invested in the Town's trust and capital reserve accounts and to ensure that funds are invested in accord with the laws of the State of New Hampshire and the Town's investment policies.

In addition, we make certain that new funds are invested promptly and properly and that payments are made to beneficiaries of the funds in accord with the stipulations of the individual funds. Finally, we file annual reports with the State of New Hampshire and provide complete information on the funds to the Board of Selectmen through the Town's financial director, to the Town's Budget Committee and to the Town's auditing firm. A copy of the State Report is published elsewhere in this Town Report for your review.

The Trustees are advised by an accredited professional financial firm in managing the investment of the Town's funds. During the past year, declines in the financial markets have reduced the value of the Town's trust funds, which are invested in a diversified portfolio of equity and bond funds. The income generated from the trust funds is, therefore, expected to be lower in Fiscal Year 2009-2010 than it was in Fiscal Year 2008-2009. All capital reserve funds are invested in money market funds which have increased in value during the market downturn. However, the rate of interest paid by the money market funds has been lower.

Respectfully Submitted,

Linda Elliott

Assessing Department

www.chesternh.org

email: chesterassr@gsinet.net

Phone: 887-4045

The Assessing Department has continued to make changes during this past year to keep up with the changing times and the changing real estate market. One of the most exciting changes we have implemented is our new on-line Assessing search database website. The public is now able to search our properties on the web and obtain basic information on all the properties in our database. This new search database can be accessed through the town website, www.chesternh.org, then via the assessing department. We have also set up a public computer in the hallway at Town Hall for the public to access the website during business hours.

Our current town employee, Jean Packard, has completed the additional training needed and is now a State Certified Assistant Assessor. This has allowed the department to reduce its need for outside contracted services once again this year. Municipal Resources, Inc. continues to be our contracted assessing firm, but now performs only the more advanced assessing procedures that are needed. The primary member of the Municipal Resources staff working in town continues to be Scott Marsh.

The Assessing Department has been continuing to work on the newly created assessing standards implemented by the State of New Hampshire. Chester has been set for re-certification by 2011. At that time, the town's assessments will be reviewed and updated to reflect the current ratio-to-market value. Chester's assessments were last updated in 2006 and currently reflect 106% of market value.

It is asked that all town residents support the town's efforts to keep your assessment up to date by alerting the office to any changes or problems with your property. It is requested that if the appraisers come to your property, you support our efforts to keep assessments equitable and correct by answering their questions and allowing them to measure and list (describe) your structures.

The following is a listing of types of Property tax credits and Exemptions the Town of Chester offers to residents. The Veteran's Standard Tax Credit is now available to more Veterans due to a change in legislation several years ago. The qualifications and service dates were expanded to include more members of the armed forces. The new qualifications are also included in this report. More information and downloadable applications for all exemptions and credits can be found on the State of NH, Department of Revenue, website.

As always, we encourage all taxpayers to come in and review your property card and be aware of any changes that may or may not have happened to your assessment. The assessing department is open Monday through Friday to answer any questions you have on any of the above topics, as well as, timber tax, excavation tax or current use taxation.

Assessing Department TYPES OF TAX EXEMPTIONS / CREDITS

ELDERLY EXEMPTION

off assessed valuation

AMOUNT	REQUIRED AGE	INCOME LIMITATION	ASSET LIMITS
\$110,000	65 TO 74	Not in excess of:	Not in excess of
\$140,000	75 TO 79	\$30,000 Single	\$300,000
\$170,000	80 AND UP	\$60,000 married	excluding the value of the residence and up to 2 acres of land

Taxpayer must also be resident of New Hampshire for 5 years and own and occupy real estate individually or jointly. If real estate is owned by spouse, they have to have been married for at least 5 years.

PERMANENTLY DISABLED

off assessed
valuation

\$110,000

Same income and asset limitations as elderly exemption. Taxpayer must be deemed disabled by the Social Security Administration and receiving benefits.

BLIND EXEMPTION

off assessed
valuation

\$30,000

Every inhabitant owning residential real estate, and who is legally blind, as determined by the administrator of blind services of the vocational rehabilitation division of the education department.

Veterans Credits

Surviving Spouse
Tax Credit

\$2,000

The surviving unmarried spouse of any person who was killed or died while on active duty in the armed forces, as listed in RSA 72:28.

Service-Connected
Disability
Tax Credit

\$2,000

Any person who has been honorably discharged and received a form DD-214, and who has a total and permanent service connected disability, or is a double amputee or paraplegic because of the service-connected injury, or the surviving spouse of such a person if such surviving spouse has not remarried

Standard
Tax Credit

\$500

Every resident who served in the armed forces in any of the qualifying wars or armed conflicts, as listed in RSA 72:28, and was honorably discharged; or the spouse/surviving spouse of such resident

Qualifying Awards for the Veterans' Tax Credit For Wars or Conflicts after May 8, 1975

List provided by NH State Veterans Council

Any of the following medals shall be considered a "theater of operations service medal" for the purposes of qualifying a veteran for the Veterans' Tax Credit in RSA 72:28. Typically, the medal will appear on the discharge papers (such as the DD214), except for those who earned the medal, but were discharged prior to the award. There must be documentation to qualify.

- Armed Forces Expeditionary Medal
- Navy Expeditionary Medal
- Marine Corps Expeditionary Medal
- Southwest Asia Service Medal
- Kuwait Liberation Medal
- Kosovo Campaign Medal
- Global War on Terrorism Expeditionary Medal
- Afghanistan Campaign Medal
- Iraq Campaign Medal

In addition, in the absence of evidence to the contrary, the award of the following decorations shall also be considered evidence of a veteran's combat service and qualification for the Veterans' Tax Credit:

Reference: "V" Device: "V" stands for Valor, and it is awarded to denote combat service.

If so specified, the medal must have the "V" Device to be valid.

- Air Force Cross
- Air Force Outstanding Unit Award **with "V" Device**
- Air Medal **with "V" Device**
- Army Commendation Medal **with "V" Device**
- Bronze Star Medal **with "V" Device**
- Combat Action Ribbon
- Combat Infantryman Badge
- Combat Medical Badge
- Combat Aircrew Insignia
- Distinguished Flying Cross
- Distinguished Service Cross
- Joint Service Commendation Medal **with "V" Device**
- Medal of Honor
- Navy Commendation Medal **with "V" Device**
- Navy Cross
- Purple Heart
- Silver Star

Current as of: April 25, 2005

Website www.nh.gov/revenue/property_tax references this list and the Veterans Qualifying Discharge Papers list.

Planning Board Report

Contact: Cynthia J. Robinson, Planning Coordinator
Phone: 887-5629

The Planning Board continues to be busy updating town planning documents. This year the Planning Board has two (2) Zoning Ordinance amendments.

The New Hampshire Legislature has passed several new laws pertaining to land use; they relate to growth management, workforce housing and small wind energy systems. This year the Board is proposing zoning amendments that will update the town's affordable housing zoning article to meet the State's legislative mandate to provide for workforce housing as well as a very minor amendment to the Ground Water Protection Ordinance.

Please note the legislative changes allow towns only one (1) year to amend their zoning for workforce housing. The amendments proposed by the Board are very minor (mostly definitional changes), because the Town's existing zoning already addresses the ability to create affordable (workforce) housing.

Southern New Hampshire Planning Commission (SNHPC)

SNHPC continues to assist the Planning Board by offering general information regarding issues with a regional impact, updating planning documents and keeping the Board informed of changes in the Community Technical Assistance Program (CTAP).

SNHPC offers professional planning services that the Planning Board will utilize on an as-needed basis. The Planning Board, with assistance from SNHPC, continues to work on developing a Local Source Water Protection Ordinance and an Impact Fee Ordinance for the Highway Department, Recreation Department and Chester Academy. The town's ordinances and regulations can be viewed on Chester's website [chesternh.org] by clicking on Planning Board.

The Planning Board will continue to take advantage of the services provided by SNHPC in the year ahead, particularly its professional planning services, given the impending widening of I-93 and its expected impact on Chester. Chester has two (2) representatives to the SNHPC, Jean Methot and Cynthia Robinson, who attend monthly meetings.

Community Technical Assistance Program (CTAP)

The Planning Board is currently applying for the second year CTAP money in the amount of \$10,000.00, to assist the Board in updating the Town of Chester, NH, Site Plan Review Regulations and look at possibly creating and/or expanding the current commercial/light industrial zone.

The Planning Board used the CTAP Phase I money (\$15,000.00) to conduct a feasibility study for assessing impact fees and through 2009 will develop, for adoption by the Planning Board, a methodology and schedule to assess impact fees.

For more information regarding the I-93 widening project, please visit www.rebuildingI93.com

Warrant Articles for Impact Fees and State Highway Aid

The Planning Board is proposing three (3) warrant articles whose purpose is to establish Capital Reserve Fund Accounts for the town's fair share contribution towards capital projects and funding towards State Highway Aid. These accounts are:

Recreation Department and Highway Department

These two (2) impact fee accounts will be established by depositing one dollar in the Recreation account and \$10,000.00 in the Highway account. Over the years, the legislative body will be asked to contribute towards specific projects that are listed in the Town of Chester Capital Improvements Program - 2007.

Reconstruction of North Pond Road and Route 102

This account is being established for the purpose of conducting an engineering study on this intersection, which is the first step towards applying for State Highway Aid that will become available in July 2011. The NH Department of Transportation could reimburse the town two thirds (2/3) of the project cost if the town applies for State Highway Aid and goes through the State Procurement process. To establish this account \$10,000.00 is being requested.

- Total Revenue (applications, etc.) \$ 8,746.00
- Total Special Off-Site Improvement Account \$56,465.80

Completed Off-Site Projects (Off-site money expended)

North Pond Road	(culvert)	\$1,114.88
Fire Hydrant	(Derry Road)	\$1,939.23

Proposed Off-Site/Other Projects (Money available)

Old Sandown Road	(reconstruction/paving)	\$ 9,779.36
Harantis Lake Road	(culvert)	\$ 4,169.90
Candia Road	(roadside work)	\$ 6,277.03
Fire Department	(generator/hydrant)	\$10,333.67

Other Board Activity

The Planning Board is thoroughly reviewing the Home Occupation/Home Business Ordinance as well as the application process for those permits. With the increase in Home Business applications, the Board has become aware of the need to clarify the application requirements and procedures. As part of the review, the board will investigate how surrounding towns are addressing these issues.

The Board has prepared a cover letter designed as a roadmap to help guide the home business applicant through the process of determining whether their proposed business is actually a home business or a commercial business.

Ongoing Planning Board Projects

- Update Subdivision Regulations
- Update Site Plan Review Regulations (commercial)
- Develop the methodology and schedule to assess an impact fee (Planning Board received a grant)

- North Pond Road/Route 102 intersection reconstruction
- Incorporate the stormwater management plan into subdivision and site plan review regulations.

Coffee Klatch and Round-Table Discussion

Out of the forums in which Planning Board members participated, the Board learned that the public wished to have more communication with the Planning Board. From this need the **Coffee Klatch** was initiated. The Coffee Klatch is held in conjunction with the Chester Town Fair on the first Saturday following Labor Day. The Coffee Klatch is held from 9:00 A.M. to 11:00 A.M. in the Meeting Room at the Municipal Office Building prior to the start of the parade. During this period, Planning Board members are available to hear your thoughts about your vision for Chester's future as well as other planning related concerns. Other Town Departments and Committees also have representatives present to participate as well as contribute their ideas and expertise.

On the second Wednesday in October at 7:30 P.M. in the Meeting Room the Planning Board conducts a **Round-Table Discussion** where the Board the general goals it will be working on for the next year. All Town Departments, Committees and the general public are encouraged to attend. This is another informal opportunity for the Board to receive feedback and concerns to help in setting its long-term goals.

Proposed Zoning amendments in the order they will appear on the ballot

Are you in favor of the adoption of **Amendment # 1** as proposed by the Planning Board for the town-zoning ordinance as follows?

Amend: Amend the Town of Chester Zoning Ordinance as follows:

Amend certain sections of Article 6.14 "Affordable Housing Requirements," to comply with new R.S.A.'s 674:58 and 674:60 governing "Workforce Housing" which will take effect on July 1, 2009; amend Section 6.4 "Definitions" by adding the term "Multi-Family Housing" and defining said term in accordance with new R.S.A. 674:58; amend Section 6.5 "Permitted Uses" by redefining what constitutes a "multi-family dwelling" in accordance with new R.S.A. 674:58; and amend Article 2 – "Definitions", Section 2.38, by renaming and redefining "Multi-Family (Dwelling) Housing" in accordance with new R.S.A. 674:58.

Are you in favor of the adoption of **Amendment # 2** as proposed by the Planning Board for the town-zoning ordinance as follows?

Amend: Article 16 – Groundwater Protection

Amend Article 16 – Groundwater Protection by adding to Section 16.3 Definitions the terms "Loam" and "Topsoil" and defining said terms, and renumber subsequent sections, and amend Subsection 16.6.9 by reducing the depth of loam or topsoil required from six (6) inches to four (4) inches.

Copies of any of these amendments are available in the Planning Board Office, Town Clerk's Office and Selectmen's Office during regular business hours. Questions about these amendments should be addressed to the Planning Board Office.

The Board welcomes any questions and input regarding its ordinances and regulations. The Board meets on the first, second and fourth Wednesday of the month in the Meeting Room at the Chester Municipal Office Building starting at 7:30 P.M. Anyone interested in becoming a Planning Board member should attend Planning Board meetings and express their interest to Board members.

The Planning Board Office is located at 84 Chester Street, Room 5, in the Municipal Office Building. The Planning Board Office hours are per the schedule set by the Board of Selectmen.

Chester Zoning Board of Adjustment

The Zoning Board of Adjustment, whose members are appointed by the Board of Selectmen, is made up of volunteers from our community and acts in a quasi-judicial capacity. The board has a hearing when an applicant wants relief from our zoning regulations as applied to his property. After listening to the facts and evidence in the case a determination is then made.

The Zoning Board of Adjustment had nine applications or actionable items to process from July to March during the 2008-2009 budget years. Variances are now in two categories, one being a use variance and the other is an area variance. To distinguish which variance you may need, our administrative secretary can assist you. Additionally the board accepts applications for special exceptions, equitable waivers and appeals from administrative decisions.

The Zoning Board of Adjustment will continue to be frugal with our budget without sacrificing quality or service to our residents. Hopefully we will operate this year without a deficit, if we continue at the present pace.

The Zoning Board meets on the third Tuesday of the month at the Town Hall. The office hours are presently 8:00 am to 1:00 pm Wednesday and Friday. Applications can be picked up in the ZBA or the Building Inspector's office or can be printed on-line from the town's website. If you have questions, you may contact the office at 887-4343.

We are looking for three interested individuals who want to serve as board members. The individual must have some knowledge of our zoning ordinances, and be fair and impartial in hearing applications. If you are interested in joining this quasi-judicial board, please contact the Board of Selectmen.

I wish to thank the following board members for volunteering their time in serving the Town of Chester and also Janet Boyden for a great job she does for our residents.

<u>Member's Name</u>	<u>Term Expiration</u>
Kevin Scott	2009
Charlotte Lister	2011
Billie Maloney, Vice Chairman	2009
Dr. Joseph Hagen	2010

The Board is committed to the spirit and intent of the Chester Zoning Ordinance while functioning under the authority granted to it under the applicable statutes and relevant case law.

Respectfully yours,

Jean Methot, Chairman

Term 2010

Chester Road Naming Advisory Committee 2008 Annual Report

Only one road name was required during the past year, and Ladybug Lane was provided for the new open space subdivision on Route 102 (Raymond Road) across from the transfer station.

The Committee meets on an as-needed basis to review road name applications presented to the Committee through the planning board, for ultimate approval by the Board of Selectmen. These meetings are open to the public and every effort is made to post timely notices at the town offices and post office.

Road names in Chester are based on criteria laid out in the town ordinance book and Committee members research historic names and locations and enjoy lively conversations about their appropriateness and applicability to Chester. Changes made in 2007 are reflected in the latest edition of the ordinance book.

Anyone wishing to inquire about a road name or offer a name for consideration should contact Judith Balk (887-2536). Your comments and suggestions are always welcome. The Committee continues to seek new members; please call Ms. Balk for application information.

Respectfully submitted,

Judith Balk, Chair

Camilla Lockwood, Liaison, Planning Board

Southern New Hampshire Planning Commission

The Southern New Hampshire Planning Commission has a wide range of services and resources available to help dues-paying members deal with a variety of municipal issues. Technical assistance is provided by a professional staff whose expertise is, when necessary, supplemented by consultants who are selected for their specialized skills or services. Each year, with the approval of appointed representatives, the Commission staff designs and carries out programs of area-wide significance that are mandated under New Hampshire and federal laws or regulations, as well as local projects which would pertain more exclusively to your community.

Group Photo of Southern NH Planning Commission Staff

Technical assistance is provided in a professional and timely manner by staff at the request of Planning Board and/or Board of Selectmen. The Commission conducts planning studies and carries out projects that are of common interest and benefit to all member communities, keeps officials apprised of changes in planning and land use regulation, and in conjunction with the New Hampshire Municipal Association, offers training workshops for Planning and Zoning Board members on an annual basis.

Services that were performed for the Town of Chester during the past year are as follows:

- 1) Co-sponsored the Municipal Law Lecture Series, which was attended by Chester officials;
- 2) Conducted traffic counts at 15 locations in the Town of Chester and forwarded data to the Town's Planning Board Chair;
- 3) Hosted a special Planning Board Training held on April 22, 2008 for new Planning Board members focusing on planning board procedures, responsibilities, and planning law;
- 4) Co-sponsored, along with St. Anselm College, a public forum on Commuter Rail with former Governor Michael Dukakis as a presenter;
- 5) Prepared, printed copies for, and attended Public Hearing for adoption of Capital Improvement Program;
- 6) Worked on a study to evaluate feasibility of Impact Fees for the Planning Board;
- 7) Worked on the Source Water Protection Plan for the community;
- 8) Represented the interests of the Town on the CART Board of Directors and the CART Executive Committee, including attendance at a Board of Selectmen's meeting to discuss budget issues;
- 9) Participated in regional economic development discussions with the Greater Manchester Chamber of Commerce regarding Metro Center, which was attended by Chester officials;
- 10) Worked with the Town Planning Board on their CTAP Build-out Analysis;
- 11) Hosted a Legislative Open House in Concord for Chester Legislators on February 5, 2008;
- 12) Provided basic planning assistance to the Chester Planning Coordinator as needed;

- 13) Presented a summary of the New Innovation Land Use Model Ordinances (RSA 674:21) to an All Town Boards meeting and the public;
- 14) Researched zoning regulations pertaining to Home Occupancy Businesses;
- 15) Assisted the Town on coordinating the design improvements of the NH Route 102/North Pond Road Intersection with NHDOT. Collected traffic data and completed related analysis in conjunction with this effort;
- 16) Sponsored two planning Forums: Recent Workforce Legislation held on October 8, 2008 and Community Energy initiatives held on November 6, 2008;
- 17) Sponsored two meetings with Town Administrators, Public Works Directors, and Road Agents, to discuss the feasibility of establishing purchasing cooperatives;
- 18) Facilitated Brownfield's Advisory Committee meetings held on February 12, 2008, April 23, 2008, June 18, 2008, and September 18, 2008, which were attended by Chester officials;
- 19) Coordinated topic discussions on Workforce Housing and Conservation; Porous Pavement and Concrete; Amendments to Shoreland Protection Act; Small Energy Systems; Workforce Housing Legislation; and Innovated Land Use Planning Techniques for SNHPC Planners' Roundtable meetings which, were attended by Chester officials;
- 20) Sponsored and coordinated the Conservation Commission Institutes including topics on Sustainable and Integrated Landscaping and Innovated Landscaping Techniques held on February 21, 2008, Regional Conservation Commissions projects held on April 17, 2008, and Merrimack River Watershed Restoration Plan held on July 30, 2008, which were attended by Chester officials; and
- 21) Sponsored and coordinated the Natural Resources Advisory Committee including CTAP Open Space Planning Assessments on October 29, 2008.

Village Cemetery Report of the Trustees 2008

To the citizens of the Town of Chester, the Village, North Chester, Raymond Road and Sanborn Cemeteries are a great source of pride for our Town. During the 2008 year, we have accomplished a great deal and will be finishing up projects set for this spring. This year, wooden fences as well as iron gates were painted, 50

stones were righted and placed back on their bases and re-secured. Both of these projects took a tremendous amount of time and care. Perpetual care markers have been purchased and already some have been placed. We are working to find all perpetual care stones to place a marker by them this year.

Some of the projects for this year are to fix the gates at the North Chester Cemetery and to add fill and drainage to the driveway leading in to the Cemetery. Also, to fix a section of wall along Route 102, rescuer granite stone around two family plots, replace loam in low areas, fix damage left from the 2008 ice storm that took down many limbs and trees, and to fix any damage to walkway or stones in the 18th Century part of the Cemetery.

The Cemetery Trustees would like to give special thanks to Warren Roberts, Steve Child, Dennis Roberts, Aaron Mansur, Eveline Roberts, Geoff Barnett, and Darren Roberts who come week after week to mow the grass, weed-whack around the stones, rake up the leaves, remove fallen limbs, and do the repairs needed to keep the Cemeteries in good shape.

Respectfully submitted,

Village Cemetery Trustees

Chester Police Department

Report for Calendar Year Ending 2008

What a difference a year makes! Some of you may be wondering about the changes in staff at the Chester Police Department. To bring you up-to-date, some familiar faces have left our Department and some new faces have appeared. After twenty-six years of service to the town, Sgt. Lenny Leclair decided to retire. We wish him well and thank him for his dedication to our Department and the citizens of Chester. Also, Administrative Assistant and Part-time Officer, Vaughn McGillen, chose to leave the Department after serving Chester for several years. Part-time Officer Jered Maguire was hired as a full-time officer with the Manchester Police Department. Part-time Officer Jonathan Nightingale left the Department after several years due to family commitments. Finally, Part-time Officer Richard Belanger left the Department after several years to take a full-time dispatcher's position with the Hooksett Police Department. We wish them all well and they will be missed; but as British novelist and playwright Arnold Bennett once said: *"Any change, even a change for the better, is always accompanied by drawbacks and discomforts."* Still, I remain optimistic that, with the help of Chester residents, the Chester Police Department will move forward in a positive fashion and will be better than ever.

There have been a few changes in personnel at the Chester Police Department. Some of you may have noticed the new smiling face at the Administrative Assistant's desk. Linda Pomeroy comes to us after working for many years in the hotel industry as well as operating a veterinary clinic for large animals. Linda is a "horse person" and grew up in Candia. Please feel free to swing in or give Linda a call for any of your administrative needs. Dan Bouchard is our new D.A.R.E Officer. Dan comes to us with over twenty-eight years of experience as a Londonderry Police Officer, D.A.R.E Officer and School Resource Officer. Officer Tim Loveless comes to the Chester Police Department with over six years of full-time experience. You may have seen Tim if you are out on the roads after midnight. Tim is passionate in removing drunk and drug drivers from the roads and has been acknowledged by the State of New Hampshire for his efforts. Last but not least, Officer Joe Dyrkacz. Joe is new to the Police profession but has many years of experience in the Fire Fighting and Emergency Medical fields. I am sure he will be a great asset to the Chester Police Department. Please welcome these new employees to the town and help them feel like part of our "Chester family."

The Department employs eight Part-time Officers who bring several years of time and experience to the Town. These Officers have full-time jobs and families, but commit themselves to the Chester Police Department and I greatly appreciate what they do for the Department and the community. Full-time Sergeant Aaron Berube

has been with us for over a year and continues to assist me with the day-to-day operations and supervisory needs of the department.

Chester Police Officers continue to train in many areas in order to provide the services that the taxpayers and residents deserve. Deadly Force, Defensive Tactics, Firearms, CPR, First-Aid, Taser, front line supervision, and on-line web courses are just a few of the many training opportunities offered by the Police Standards and Training Council as well as the Chester Fire Department, with whom we have a great relationship. I feel that the proper training, equipment, and compensation are essential in keeping the town of Chester safe as well as to retain the Officers that dedicate their services to the Town.

The Police Department has replaced two high mileage vehicles in our fleet over the past year and we hope to replace a third one in July. I am happy to say that we are going back to a more traditional "black-and-white" cruiser. This is in line with our commitment to being a more community-oriented Police Department. All of our vehicles will now be outfitted with in-car digital camera systems, external defibrillators, radar units, and stop-sticks, all which were purchased through grants or private donations to the Department's Police Association. We have also installed a digital camera system in the Police Department at the suggestion of the Local Government Center to assist in lessening our liability when we have prisoners in the building.

The Chester Police Department had an increase of Calls for Service from 2007 to 2008. The number of weapons, drug, alcohol, and domestic-related calls being answered by our Officers continues to increase. These calls can be dangerous and stressful and require the proper training and experience to handle. We have been extremely fortunate to have no Officers injured on duty this past year. The Chester Police Department hopes to continue to move forward in its mission to provide 100%, twenty-four hour, seven-day-a-week coverage to the community. **We are still working towards that goal.** By doing so, we can take the strain off the State Police and neighboring Departments who often provide mutual aid for emergencies.

The Chester Police Department will continue to update training and equipment in order to keep our officers and the community in tune with the latest requirements.

The Chester Police Association as well as the *DARE* program continue to foster positive relationships with the residents and youth of our community. This is the second year that we have sponsored a local resident for the N.H. Police Cadet Academy. The Department also works in conjunction with Pinkerton Academy to offer an eighty-hour internship program for one lucky student per year. We also

continue to host several Boy Scout and Girl Scout meetings in our training room and sponsor local teams and organizations every year.

The Chester Police Department is a "kid friendly" department and we encourage the young people to be involved in keeping their community a safe and fun place to live.

In closing, I would ask that you continue to support **your** Police Department. We are here for you and we could not do what we do without a strong partnership between the Police Department and the citizens of Chester.

Sincerely,

William Burke, Chief of Police

Fire Department

In case of emergency call 9-1-1

For permits and all other Fire Department business use the following numbers:

Weekdays call the Fire Station at 887-3878.

Nights and weekends call the Duty Officer phone at 365-7184.

Two full-time Firefighter/EMTs from 7:30am to 6:00pm staff the station during the weekdays in staggered shifts.

E-mail: chesterfire@comcast.net

2008 was both an eventful and a successful year for the Chester Fire Department. Our dedicated members provide the town with 24/7 on-call coverage for fire, hazmat and medical emergencies. Two full-time Firefighter/EMTs provide weekday coverage. In 2008, we responded to 502 calls, which represents a 4% increase over 2007 (483 calls). For more than 8 consecutive years, the number of emergency calls we respond to has risen every year. Since the year 2000, our call volume has doubled.

My gratitude goes out to our members, each a resident of our town, who balance the needs of their families and their full-time jobs with the needs of our residents. This year's ice storm was an event that pushed our department and as always our dedicated team stepped up and worked hundreds of hours to serve our residents and town in our time of crisis, and made me very proud. In addition to the time they give responding to calls and weekly training, they are dedicated to being involved in the community by putting in volunteer hours to care for the station and the equipment, to support our blood drives, our community education programs, our fire prevention programs, and our community support programs.

The training of our members is a high priority. We train every Tuesday night and two Sundays a month to build teamwork and sharpen skills. Two of our members serve as Training Coordinators to establish and execute programs in both the areas of firefighting and emergency medical response. We strive to provide both basic and advanced certification opportunities throughout the year. Our members are certified as Firefighters, EMT-Basics, EMT-Intermediates, Paramedics and CPR instructors. As a result of this focus on training and because of the advanced skill set of our EMTs, Chester Fire has earned the privilege of providing a higher level of care to our patients. We now run at the EMT-Intermediate level of care, which means we provide more advanced medical care to the residents of our community.

In these difficult economic times, it has been more important than ever that we find ways of funding our needs through alternative sources. Over the last couple of years our grant writing efforts have been increasing. Chester Fire now has two members dedicated to writing grants, as well as a small committee of volunteer members who help with research and coordination. In 2008, in a very competitive process, our efforts to find federal and private funding have brought in over \$100,000 in grants for the Fire Department this year. Monies received from these grants have funded the following projects: purchase and installation of the exhaust extrication system at the station, automatic electronic defibrillators (AED) for town buildings, smoke detectors for our soon to be introduced Community Detector Program, forestry personal protective gear (pants, shirts, and helmets), fire and EMT training, and animal resuscitation masks.

A community service grant allowed us to provide gifts for 73 children in Chester at Christmas and extend assistance to residents for food and heating fuel.

On the fire side, we are continuing to work with ISO (Insurance Services Office) to improve our town's homeowner insurance rating. This requires a great deal of reporting and testing. We are approximately half way through the process and expect to have the project completed by the end of the year. We saved the town over \$4,000 by doing all of our hose testing in-house. A generous donation of a hose tester was made to the department and our fulltime and active call members put in many hours to pressure test over 8000 ft. of fire hose. The demand for permits and fire inspections has continued to grow. On-site inspections of gas and oil heating systems, chimneys, woodstoves, pellet stoves, sprinkler systems, life safety and daycare are available as necessary. Over 150 fire safety inspections were completed this year. The high price of heating fuel has resulted in many more residents seeking alternative heating sources for the winter. Chimney fires, wood and pellet stove issues, and carbon monoxide calls have been on the rise. We encourage all residents to have these heating sources cleaned and inspected regularly. Safety inspections are available at no charge by the Fire Department.

One of our ongoing goals is to strengthen and grow the Fire Prevention and Safety programs in Chester by making them more accessible to the public. We participate in programs at Chester Academy during Fire Prevention week and their Healthy Living program and work with the seniors. We are offering classes to the public on Boating Safety, CPR, AED, and First Aid. We also publish a newsletter called the Chester Fire Wire that gives information to residents of seasonal safety issues as well as giving an interactive lesson geared towards the children. This spring, Chester Fire will roll out a new community service for smoke and CO detectors. We have a lot of aging homes in Chester with outdated or defective smoke detectors. Many of our residents need assistance in replacing these detectors or maintaining them. Our program will provide volunteer assistance in this area. Please watch for more details as we get closer to offering this service.

A challenge we have faced this year has been the needs of our apparatus. We are attempting to replace our rescue with a combination rescue vehicle to better serve the residents of Chester. We have two other vehicles that are over 26 years old, our Engine 1 and Ladder 1. These vehicles have required a great deal of mechanical work in 2008. There is no CIP in place for replacement of these vehicles at this time.

I would like to remind all residents that a burn permit is required for *all* outside fires whether it's a brush pile, campfire, or chiminia. Burn permits allow you to burn from 5pm until 9am. If it is actively raining, or there is snow on the ground, you may burn during the daytime hours, however, *you still need to obtain a permit*. For full details of the ordinances for burning, please call the Fire Station or see the Chester website www.chesternh.org.

For the Chester Fire Department,
Chief Richard Antoine

Building Inspections / Code Enforcement Department

Hours – Mon –Tues – Wed and Saturdays 8 to Noon

Night Office Hours – Thursday 6 PM to 8 PM

(603) 887-5552 (office) (603) 887-4404 (fax)

Permits issued for 2008 (Approximate)

New Structures 20

Demo Permits 2

Home Improvement 28

Many permits have also been issued for driveways, electrical and plumbing.

The Building Inspection/Code Enforcement Department still remains a busy office despite the current economic slowdown in construction. These changes also bring to the Department new personnel, office hours and higher expectations. One major change within the Department will be in the area of Code Enforcement. The past year was the start of a drawn-out and slow process of bringing long-standing code violations into compliance. It is with great hope and promise for the future that more in-depth Code Enforcement compliance will be effected without the need to utilize RSA 676:17-b.

Therefore, I wish to thank all the citizens of the Town of Chester for volunteering to bring their code issues into compliance. With all of us working together, we are able to bring even the harshest violations and some sensitive issues dear to their hearts into compliance through time.

In closing, I again thank *all* the citizens for their cooperation and willingness to respect Building Codes and look forward to assisting you in these needs.

Respectfully submitted;

Tom Malley
Building Inspector
Code Enforcement Officer

Emergency Management Report

November 2008, I was appointed Emergency Management Director. This required attendance at a training session to acquaint me with the necessary documents and processes needed for emergency operations. This was handled in a relaxed manner, no excitement. What happened less than three weeks later was interesting, to say the least. Not so relaxed. The ice storm and its aftermath was quite an initiation.

Thank you to all that helped during that time. Local officials, neighboring communities, Chester Academy personnel (the hosts for our emergency shelter) and the twenty volunteers who stepped forward to man the shelter for the five days we were open round the clock. They again manned their spots after the power came on for the school allowing residents still without power to access showers (with hot water).

During the subsequent weeks, there were many meetings with FEMA reps, which led to substantial reimbursements for Chester. This represents a 75% payment from FEMA.

Looking forward, the goals for the year ahead include updating Emergency Plans, Hazard Mitigation Plans and securing the necessary grants to complete the task. In addition, we will seek more grant funding to get started on other Emergency Management projects.

Submitted by: Stephen Tunberg, Director

Highway Safety Committee

Contact: Police Chief William Burke
Phone: 887-2080

The Committee met in 2008, in the Conference Room of the Chester Police Department. Residents from different sections of town are still needed as volunteers on the Committee. It is important for the Committee to have a variety of viewpoints from throughout the town on road issues.

Highway safety issues discussed were as follows:

- 1) Review of turning issue at the intersection of North Pond Road and Route 102.
- 2) Halloween proves to be a large event with a number of traffic safety issues.
- 3) The Committee reviews motor vehicle crash reports that have occurred on town roads over the past year.

Projects that receive funding from the NH Highway Safety Agency must relate directly to problems or potential problems that have been identified through the analysis of available traffic record data.

Members of the Committee monitor the school bus evacuation drills held at Chester Academy. A report of this Committee's observations is sent to the school and bus company following the drills.

The Committee strives to achieve the goals set forth in our Mission Statement and meet the requirements set forth in NH RSA 238.

Respectfully submitted,

Chester Highway Safety Committee

Chief William Burke, Police Department – Chief Rich Antoine, Fire Department
Gene Charron, State Representative – Charlotte Lister, State Representative
Jack Cannon, Selectman; Cynthia J. Robinson, Planning Board; Michael Oleson, Road Agent

Road Agent Report

During the past year, we have cut brush, graded dirt roads, filled potholes, worked on small drainage problems and, of course, plowed snow.

The ice storm created challenges for the Highway Department crew due to excessive amounts of brush and limbs on the sides of most of our roads, which must be removed in the spring to eliminate more drainage problems.

Due to the fact that all Highway Department Articles at last year's town meeting were not approved, no road projects were done to our failing infrastructure.

This year's Warrant Articles for East Derry Road to be rebuilt and drainage work on Edwards Mill Road and Halls Village Road will, hopefully, be approved.

Respectfully submitted,

Michael J. Oleson, Road Agent

Annual Report of the Recycling & Solid Waste Committee

As always we would like to dedicate this report to the residents of Chester committed to preserving the environment and to reducing taxes by recycling.

Why Chester Recycles?

It has been over two decades since the citizens of Chester voted to adopt mandatory recycling. Since then, the citizens have reaffirmed the desire to continue recycling at two additional Annual Town Meetings. In spite of this, there are occasional public challenges to the mandatory recycling policy. Therefore, we would like to take this opportunity to revisit the key reasons for recycling:

Liability - By law, all waste generated and removed from the Town creates an instant liability. The waste that goes into the compactor, and then on to a landfill, will continue to have an indefinite liability for the taxpayers of Chester. If that landfill ever requires environmental remediation, and the operator does not have enough funds to cover the cost, or is no longer in business, then the Town will be held liable for its share of the remediation cost on a prorated basis. These remediation costs can be extraordinarily expensive. This is why it is so important to reduce the overall tonnage from the Town. Less tonnage equals less potential financial liability. (Note: the recycling program reduces this tonnage by 30 to 40 percent!)

Lower Taxes - The recycling program reduces disposal costs, thereby reducing taxes. In the eleven years the new facility has been in operation, over \$200,000 has been saved by recycling. Taking into consideration the amount of residents who have opted for alternative disposal methods that do not require recycling (dumpsters and curbside pickup), the actual savings may be more than double this amount. This is because some of the cost burden has been shifted to those residents willing to pay extra for greater convenience.

Environmental - The environmental benefits are way too numerous to mention here.

There are many more reasons to support recycling. Different folks will prioritize them differently; however, there are enough reasons for almost everyone to justify recycling.

2008 Facility Summary

In 2008, the facility's waste stream totaled 865 tons, of which 332 tons were recycled. Of these 332 tons, 260 tons were kitchen* (household) recyclables (see the list below). The average profit of recycling these kitchen recyclables was \$1.79 per ton, versus a cost of \$104.99 per ton for the compactor waste disposal. As a result, the recycling program resulted in a net savings of at least \$27,626. This is an impressive number considering the total disposal cost of the waste that went into the compactor was \$55,951.

Overall, 38.4% percent of the Transfer Station waste stream was recycled. The reason for the slight decline is that the volume of all commodities has decreased slightly (people are buying and throwing away less due to the poor economy), and there were also significant decreases in the amount of newspapers and scrap metal brought in. Congratulations are still due, however, to all citizens who have participated in the program. We are still close to meeting the 40% recycling goal set for all municipalities by the EPA and State. This is an important accomplishment and one to be proud of. Let us continue the good work in the future!

Summary of Recycling Tonnages:

Newspaper*	35.1 tons
Magazines*	25.5 tons
Mixed Paper*	63.5 tons
Cardboard*	40.6 tons
Scrap Metal	58.4 tons
Co-mingled Cans*	7.4 tons
Aluminum Cans*	2.9 tons
#1 & #2 Plastics*	17.0 tons
Mixed Glass*	67.9 tons
Tires	3.1 tons
Car Batteries	1.0 tons
TVs & Computers	4.5 tons
Used Motor Oil	5.0 tons

Total: 331.8 tons

(*kitchen / household recyclables)

(Note: When combining all expenses, the entire recycling program actually made a profit of about \$8,443 - an average of \$25.45 per ton.)

The Committee continues to support recycling and decreasing waste disposal costs. The current consensus still is that we have reached the practical limits to the complexity of the program. Therefore, we do not anticipate any significant additions or changes to the commodities recycled in the future, unless mandated by law, or some other opportunity for significant cost savings arises.

We continue to note that many new residents are not fully aware of the Transfer Station facility and the relative convenience it provides for residents. We would like to take this opportunity to invite new residents to visit the facility and meet our staff. Come and take advantage of what your taxes pay for. The facility is open to the public on Wednesday evenings from 6:00 to 8:00 pm, and on Saturdays from 7:00 am to 2:00 pm.

In closing, we would like to encourage any citizens with constructive ideas for improvements or who are interested in serving on the committee, to please talk to one of our Transfer Station staff or contact the Office of Selectmen at 887-4979 for information about joining our committee.

Respectfully submitted,

Andrew Hadik
Bonnie Healey
Lloyd Healey
Barbara King
Stephen O. Landau, Selectman Liaison

Transfer Station Operator, Lloyd Healey, and Darrell F. Quinn burn a huge pile of brush brought in by residents. They begin the burning of the brush around 4:00 AM so that there will be enough time for it to go out before the end of the day.

Wilcomb Townsend Trust Fund

Annual Report

7/1/07 – 6/30/08

These funds are available to Chester residents of any age to help with fuel, medications, or other necessities. We also offer help to anyone interested that qualifies in obtaining Life Line through the Rockingham County Community Action Services. We have certificates from Walmart to help with prescription costs. We do accept donations and 100% of donated funds go directly to help citizens of Chester. Contact any Trustee with questions about either donating funds or requesting assistance.

Recreation Commission

Report 2007-2008

The Chester Recreation Commission is a volunteer committee responsible for the operation of the Multi-purpose Room, the town athletic fields, the Wason Pond Recreation Area and the Community Center.

For more information on Chester Recreational Programs and Activities please visit our web site at http://www.chesternh.org/recreation_main.htm.

The Recreation Commission meets at 7:00 p.m. the second and fourth Monday of each month in the Recreation office located in the Town Office Building. The Commission is in need of additional volunteers to assist in the rapidly growing recreational needs of the community. Chester Residents are encouraged to attend our meetings to gain an understanding of the ongoing work of the Commission. The Recreation office can be reached at (603) 887-5773.

PROGRAMS & ACTIVITIES

Summer Program

The six-week Summer Program begins the first full week in July. The program consists of guided children's activities, sports, and crafts as well as weekly field trips. This year we will also include a full day program. There is a modest fee for this program, but no child will be turned away for financial reasons. Additionally, field trips are offered during the summer for all Chester children.

Wason Pond Conservation & Recreation Area

Organized events held annually at the recreational area are the June fishing derby, a cross-country running race that coincides with the Town Fair, and a luau in August. The public is welcome to enjoy its natural beauty anytime.

Basketball Program

Chester basketball provides a comprehensive, skills-based program in a fun-filled environment to over 225 children. Travel team players also participate in a wide range of tournaments.

Soccer Club: "Chester Soccer... it Kicks"

The fall was a busy time for all of our soccer players, U6 through U12. The teams held practices and games on the town fields and during their spring season will have practices and games at the Sportszone in Derry. For more information you can visit the web site at <http://www.chestersoccer.com/>

Lacrosse Club

Lacrosse for girls came under the recreation umbrella in 2004 with girls registered in the U11 through U15 age groups. This next year the girls program will participate in the

Derry Lacrosse league. Chester boys will remain in the Derry program. Lacrosse sign-ups took place in February and March. For more information you can visit the web site at <http://www.ourleaguesite.com/>.

Adult Yoga

This year we offered a yoga program that is run through the recreation department. Yoga is offered 2 days a week and has morning, afternoon and some evening classes. The program, directed by Rhonda Woodward, Certified Kripalu Yoga Teacher, is designed for both beginner and experienced students.

Multi-Purpose Room

The Multi-purpose Room is scheduled by the Recreation Commission and is open for use by town residents. There is an application and approval process coordinated through the Recreation Coordinator. Several recreational programs use this facility, including basketball, baseball, floor hockey, softball, dances, senior aerobics and the Chester Mom's Club. As it is a shared town resource, the Recreation Commission is working with the Board of Selectmen to address maintenance issues with the floor. The Multi-Purpose room is an invaluable resource that is truly one of the busiest rooms in town!

Staff

Daily responsibilities of the Recreation Coordinator include scheduling the Multi-purpose Room and the Community Center, coordinating field space and usage requests, conducting sign-ups for a variety of Recreation-sponsored programs, daily communication with and assisting Recreation Commissioners with their needs, planning, coordinating and implementing new programs along with the summer program, as well as meeting the bookkeeping needs for all of these programs. The coordinator's responsibility additionally has been to prepare Wason Pond for summer and to assist with development plans for ball fields on the property.

The Recreation Commission has adopted a statewide mandate to require that all volunteers have a background check before being able to work with children. All coaches and summer program employees will be required to go through a First Aid and CPR training course. We strive to keep all children safe and well-supervised in all of our programs.

The Commission is continuing to work toward establishing new athletic fields at the Wason Pond Conservation and Recreation Area included in the Master Plan for that facility. Field space is very tight at the moment and scheduling practices and games is growing increasingly more difficult. We are looking forward to providing continued recreational opportunities in town, and pursuing a reasonable field space development and use plan is essential.

Recognition and Thanks

The Recreation Commission would like to express our thanks to the Basketball Board, the Soccer Board, and the lacrosse members, Baseball and its Board, as well as all of the coaches, volunteers, and referees for all of these programs. The residents of Chester,

especially its children, benefit from the dedication of these fine individuals who do not receive enough recognition for their time and effort.

Chester Historical Society

The Chester Historical Society is a non-profit membership organization that exists to promote the study of the history of Chester, the preservation of history through the collection and protection of historical matter, and supports the continuing education of the community of the Town's ever evolving heritage.

We had hoped to begin a tradition of Family Movie Night, and managed to have one in December of 2007 featuring "A Muppet Christmas Carol." We have not totally discounted Movie Night, and will revisit this for the future. This highlight of our year was in presenting three NH Humanities Council programs;

April 22 - Abraham and Mary Lincoln: The Long and the Short of It Husband and wife actors, Steve and Sharon Wood presented the Lincolns shortly after his inauguration and the start of the Civil War. Their portrayal was superb, and if it were not April 2008, you would have sworn it was April 1861!

Sept. 30 - NH Cemeteries and Gravestones with Glen Knoblock was especially interesting for he feature many of the stones and stonecutters from the Chester Village Cemetery.

October 28 - Witches, and Pop Culture and the Past presented by Robin DeRosa of Plymouth University was perfectly timed for the season. Ms. DeRosa dispelled many of the myths and legends surrounding the Salem Witch Trials of the 17th Century.

All programs were well attended, and we plan to continue the programs with all new presenters this year. Check our website for listings, and watch for notices in local news publications and on Chester Public Access Television Calendars.

Other ongoing projects for the Society include reorganizing, and re-cataloging our archives which are now in the balcony of the auditorium of Stevens Hall, were put on hold due to the temporary closure of Stevens Hall from July 2008 through March 2009. We hope to resume this project soon, meeting on the 4th Tuesday of the "off" months (Feb, Apr, June, Aug, Oct) to do so. Much help is needed.

Of course we will look to see you at the Town Fair in September, a time when we will host our celebrated "Village Cemetery Tour." The Society is always very happy to welcome new members. This is a great time to be a member! Please come to our meetings and see, on the 4th Tuesday of every other month (January, March, May, July, September, November), 7:00 PM at Steven's Memorial Hall. Membership is open to all individuals, families. Our next meeting will be on Tuesday, May 26, 2009. For further information visit our website, www.chesterhistorical.org.

Our Annual Meeting and election of officers is on Tuesday, November 17, 2009. This will be my final meeting as President of the Chester Historical Society. While I will remain as a member, it is time for me to turn over the mantle to another member. It has been a pleasure to be at the helm of this organization. I am satisfied that we have been able to maintain a home at Stevens Hall, and create name recognition for this very worthy group. I now look forward to being a "worker bee." This summer, a nomination committee will put together a list of interested candidates for all available officers. Don't be surprised if you get a call!

Respectfully submitted,

Leave Beaver Lake at ten, thirty and fifty minutes past hour from 6:30 to 10:30

†Saturday Evenings only.

Saturday Evening, 9:10 from Derry goes to Chester.

Chester Kitchen

The Chester Kitchen is a small commercial kitchen that the NH State Bureau of Food Protection has certified for use by commercial food processors. The Town of Chester owns the property, the kitchen of the former Chester Elementary School, and is located in the back of the Multi-Purpose Room at 84 Chester Street. This is a facility that allows any individual or business that is approved for use by the NH State Bureau of Food Protection (BFP), to apply for and maintain a commercial food license with the Chester Kitchen as their address. Chester organizations and residents, who have priority use of the kitchen, have a maintained facility in which to prepare foods for events or for non-profit resale.

**CHESTER
KITCHEN**

From a Commercial User's standpoint, this kitchen is perfect for bakers, personal chefs, and any other type of food product that can be approved by the BFP. The kitchen is ideal for a Chester Resident who has lots of fruit to turn into jam, or wants to do a large volume of cooking for a party or non-profit event. [If you have rented the Multi-purpose Room for an event and wish to rent the kitchen, you must reserve the kitchen separately, (see contacts below)]. Occasional Users are limited to Chester Residents only.

The Kitchen is rented on an hourly basis to licensed processors, and Chester Residents who wish to use the kitchen for their private use. Average hourly use per processor varies, and for FY 2008 is two (2) hours per processor. Three of our licensed processors left the Kitchen in 2008, Green Moose Garden (out of business altogether), and Crooked Birch and Lovin' Spoonful Catering now both have their own commercial kitchens. Only one new processor has joined us, BML Catering, and while others have inquired, they have not yet received their NH Food Service License to be able to use the Kitchen. This is reflected in the hourly use, and fees collected down from previous years.

Chester based non-profit organizations are exempt from rental fees, and a list of those organizations who have used the kitchen to date are located in the policies and procedures handbook which can be accessed on line at www.chesterkitchen.com. During FY 2007, the kitchen was reserved by local organizations on 11 occasions. To date for FY 2008, it has been reserved by local organizations on 18 occasions.

Fees are collected immediately upon use and turned over to the Town Clerk for receipt. The Town will take no responsibility for training in food service safety, nor will it provide any marketing assistance. Each licensed processor must provide proof of insurance to use the kitchen and to indemnify the town from any liability. All State guidelines regarding food service safety are the responsibility of each processor.

Processors currently licensed to use the facility are:

Wild Roses Market, DBA Chef Michele - Catering
Nancy's Specialty Foods - Seasoned oils, and sauces
BML Catering
Culinary Capers Catering
Scamp's Nuts - Gourmet Chocolate Covered Nuts
Marnita's Asian Kitchen - Catering

This kitchen provides a small revenue stream for the Town with collection of hour rental fees. The administration has decided to make the first increase to the hourly rate since 2002. The hourly rental is now \$13 from the former rate of \$10. In addition, the administration approved restricting use of the kitchen to those Commercial Users holding a NH Food Service License, or Occasional Users who are Chester Residents only. Kitchen income from Fiscal Year 2007 was \$735, and Fiscal 2008 to the time of this report (March 20, 2009) is \$319.75.

To reserve the kitchen for your personal or for your organization's use, please call me at 206-4786, or email chesterkitchen@yahoo.com. All you need to know about your responsibilities when using the kitchen can be found in the Chester Kitchen Policies and Procedures Handbook, and the application for use can be found on line at www.chesterkitchen.com.

Hilary Hall, Volunteer Site Administrator

Hugs for Everyone

*It's wondrous what a hug can do,
A hug can cheer you when you're blue.
A hug can say, "I love you so"
Or, "Gee, I hate to see you go."
A hug can soothe a small child's pain
And bring a rainbow after rain.
A hug is "Welcome back again!"
And "Great to see you, where've you been?"*

*There's no doubt about it,
We scarcely could survive without it.
A hug delights and warms and charms.
It must be why God gave us arms.
Hugs are great for fathers and mothers,
Sweet for sisters, swell for brothers,
And chances are some favorite aunts
Love them more than potted plants.*

*Kittens crave them.
Puppies love them.
Heads of state are not
above them.
So stretch those arms
without delay
And give someone a
hug today.*

Website: www.chesterlibrary.com

Your Public Library was very busy again this past year! We are always striving for new ways to serve Chester's ever-changing population. With the launching of our much anticipated website we are now open 24 hours a day! By visiting www.chesterlibrary.com you can check our hours, find out what Museum Passes we offer, follow links to newspaper and educational databases, see what events we have coming up and you can also check our card catalog.

As soon as we enter a material into our system it goes live onto the website so if you don't see something you were looking for, check back tomorrow as we get new items in on a daily basis and we are constantly adding to our collection, which currently consists of over 46,000 materials. These items include the latest adult fiction, DVD's, books on CD for you commuters, popular young adult series and report non-fiction. We have biographies, histories, children's books, magazines and over 8 shelves of cookbooks alone!

During these tough economic times everyone has had to be more vigilant with his or her income. We here to tell you that your library can help. Many of you already take advantage of our services but for those of you, who have had to cancel your magazine subscriptions or your weekly trips to the video store, fear not! Your Library has all these items and more and your Library Card allows you to borrow these items for free! If you haven't gotten your Library Card yet now is the perfect time. There is no cost to Chester Residents and you can use all our services including our Museum Passes and our Internet computers as well.

We here at the Library are ever vigilant as well with our budget and are always looking for opportunities to provide services in a way that is of no cost to us. As such, we were the recipients of two grants this past year. One allowed us to bring you the live animal program that kicked off our Summer Reading Program and the other was a set of laminated historical art posters through the "Picturing America" grant.

We are always looking for new ways to supplement the services we provide and we would like to thank our Friends of the Library organization. Through their fundraising efforts they were able to again donate to us the \$600 needed to purchase a yearly pass to the Museum of Science. We thank them for their continued hard work and generosity. We would also like to take this opportunity to extend a BIG thank you to all of our other donors this year. Your contributions help us to provide that little something extra for our patrons that may not otherwise be possible.

To keep up to date on our services, story times and programs, visit our new website at www.chesterlibrary.com. You can also check for our announcements in the Tri-Town Times, Melissa's monthly Derry News book column, the Post Office bulletin board, our outside sign and of course all of our events are posted inside the Library as well.

We were thrilled to sign-up so many of you for cards this past year and we hope to see more of you next year!

Chester Senior Citizens

**CHESTER
SENIOR CITIZENS**
603 Raymond Road
Chester, NH 03036

The Chester Senior Citizens organization has been around now for over 35 years. We started meeting twice each month at Stevens Memorial Hall, on the 1st and 3rd Thursdays with Pot Luck Luncheons on the 1st Thursday, and reserving the 3rd for guest speakers, or an outing. The Chester Senior Citizens' is a membership organization, and we are always welcoming new members! Your \$5 membership fee (free for seniors 80+) helps to offset some of our costs (such as supplies, postage, admission to events and/or outings, etc.) In the past 5 years, we have seen our membership grow 30%!

This year of 2009 will complete 6 years of enjoying our home at the Wason Pond Community Center. We have exclusive use of the facility between 10:00 AM and 4:00 PM, Monday, Wednesday, and Thursdays, and 9:00 AM – 4 PM on Tuesdays. There is a Senior representative available during those posted hours each day, and you will know we are open by seeing the red, white and blue "OPEN" flag flying from the front porch! We are members of the New Hampshire Association of Senior Centers.

We are always looking for new activities, and currently we offer the following schedule:

- Monday mornings, Tai Chi, afternoon Bingo
- Tuesday, 10-11 is Coffee Hour
- Wednesday mornings are open, and in the afternoon Cribbage
- Thursdays are open for any activity. We have a TV with VCR and DVD, with some movies on hand to watch. We also have two computers with high-speed cable Internet access!

In November 2007, we applied for the NH Senior Wellness Grant in an effort to bring exercise and nutrition classes free to Chester Seniors. We were awarded the full amount of the grant, and classes began on March 3, 2008, and concluded at the end of June. The Exercise Program has been made part of the Chester Recreation Department, and offers 5 six-week sessions. We have applied for another grant to be able to offset the cost to the town, as well as continue the Nutrition Program. These programs are offered free of charge to Chester Seniors, 55+. You may enroll on line at www.chesterseniors.org, or call the Recreation Department at 887-5773.

The Town is very generous to us, not only allowing the use of the Wason Pond Community Center, but also with its annual contribution to our expenses. We plan 6 outings (day trips) annually, and you can imagine that transportation is the most expensive part of planning the outings. We have voted to car pool when the destination is within an hour of Chester (give or take a few minutes), paying the driver of each car for gas (based on miles to destination). Passenger vans are rented when the destination is

an hour and a half or more from Chester, and we continue to rent through Merchant's Motors of Hooksett, as they offer the best rate. We try to negotiate one bus trip annually, and we will be pleased to welcome Pierce Bus Company of Chester to our transportation providers. We preplan all our outings, and our budget to be sure that we can keep the cost of outings as inexpensive for each senior as possible, if not totally cost free. Our outings usually include a bit of history, horticulture, always a lot of fun, and sometimes a real adventure! Our Annual events include:

- Mystery Lunch Date in February
- Annual Picnic in July
- Club Birthday Party in October
- Annual Christmas Party at Stevens Memorial Hall
- December Cookie Walk Fund Raiser

Last year we visited:

- C.R. Sparks in Bedford for lunch, then a tour of Van Otis Candies!
- Aviation Museum at Manchester Airport, Lunch at Airport Diner
- Maine Narrow Gauge Railroad, Lunch at Bull Feeney's, Portland
- NH Farm Museum, Milton with lunch at Gateway Restaurant, Somersworth
- Tour Strawberry Banke, Lunch at the Blue Mermaid Grill
- Winnepesaukee Mail Boat, with lunch at Hart's Turkey Farm
- Annual Birthday Party, Saunder's in Rye
- Annual Christmas Party, with entertainment from Jose Duddy, "The man with many voice's"

This year as a result of our membership to the NH Association of Senior Centers, we collaborated with the Salem, Windham, and Londonderry Seniors for a Valentine's Day Luncheon at Castleton in Windham. Jack Knox and Vic Paul provided terrific entertainment, with an hour of dancing, a wonderful lunch, and then their show. This was so successful that we plan to collaborate again for other parties in the future. In addition, this year we will visit:

- Currier Museum of Art
- Harvard Museum of Natural History, Cambridge MA
- Tuck Museum/Hampton Historical Society, Hampton, NH
- St. Gauden's National Historic Site, Cornish NH
- Conway Scenic Railroad
- 19th Century Willowbrook Village
- Annual Christmas Party, with The Silver Lining Chorus from Nashua Senior

The annual contribution from the Town covers all transportation for outings (bus or van rentals, gasoline), the total of the cost of outings (admissions/lunch), or a portion thereof, guest speakers, entertainment at the Christmas Party, and the Annual Birthday Luncheon.

Our newsletter is produced quarterly, and can be found in the lobby of the Town Offices, and on line at www.chesterseniors.org. Copies may be printed from the website. It

includes recipes, book reviews, local news highlights, humor, and more. From our website you can access our annual schedule, ideas for future outings, and our by-laws. Please take the opportunity to visit! We can be contacted by phone, Mon-Thur., 10-4 at 887-5034, by mail to 603 Raymond Road, Chester, or by email at chesterseniors@yahoo.com.

We look forward to meeting and welcoming new Chester Senior Citizens. Many have joined us this past year! We continue to be very grateful to the Town for their Annual contribution to our organization. It is your continued support that keeps us together, mobile, and young!

Respectfully,

The Chester Senior Citizens

Florence Frazier, President
Leslie Packard, Secretary

John Chiaradonna, Vice President
Genevieve Rowell, Treasurer

Chester Town Fair 2008

Although the threat of an imminent hurricane threatened to cancel the fair, we made it through the day! This was the first year in many, many years that the weather was not forecast to be dry, hot and sunny. Instead we got cloudy, steamy and dripping humidity! The rain did hold off long enough to have the vendors and entertainment take place and then, just as if on cue, the rain poured at 5pm! Graciously, the fire department and fireworks company, American Thunder, agreed to postpone the display until Sunday evening, which worked out well and let the fair extend to a whole weekend affair! We would like to thank the food vendors who chose to come back Sunday evening prior to the fireworks display; it really made the evening festive!

This fair is a lot of work, and it takes a lot of volunteer hours to coordinate. The money from the space rentals and raffles went towards the fair expenses of dumpsters and port-a-potties. The donations collected at the end of the firework display will supplement next year's display as the town appropriates only a portion of the actual cost.

We appreciated everyone's enthusiastic participation whether it was as a volunteer, vendor or simply as a shopper/spectator.

Some highlights of 2008 included:

All-day entertainment was provided by "Diane's Oldies" We thank them for braving the weather conditions, as we had other entertainers scheduled who cancelled fearing the hurricane.

A 5K-cross country race the morning of the Fair at Wason Pond Recreation Area was put on by the Recreation Commission and sponsored by Granite State Telephone. Although the weather conditions were not ideal for running, the event was well attended.

Cow Plop Bingo returned! Spring Hill Farm graciously offered to bring back this event to sponsor the Spring Hill Trust. It was a great success. There was much anticipation as "Daisy" took her sweet time savoring the limelight!

The Historical Society held a cemetery tour and sold some of their Chester items; the Boy Scouts and the Lion's Club were among the vendors keeping the crowds fed all day long.

The 2009 Town Fair is scheduled for Saturday, September 12, 2009. Keep an eye on the Town's website: www.chesternh.org for more information coming soon.

Public Access Community Television Committee (PACT)

The Public Access Community Television Committee (PACT) exists to ensure that the Franchise Agreement between the Town of Chester and Adelphia (now Comcast) Communications, effective April 1, 2003 through March 30, 2013, operates without incident, and to manage the funds received from Adelphia (now Comcast) as a result of this agreement. Since April 1, 2003, the Town continues to receive franchise fees of subscribers' cable bills (cable TV only, not cable internet per the FCC) in the amount of 1% quarterly. This money is reserved in a special revenue fund, the PACT Fund, and is delegated in thirds, for the maintenance of Public (CTV-21) and Government (CGTV-20), and Education (CETV-22) television.

**PUBLIC ACCESS
COMMUNITY
TELEVISION
COMMITTEE
(PACT)**

The PACT committee meets as needed to review the needs presented to them by CTV-20 & 21, and CETV-22. Town government meetings that have been cablecast on CTV-20 since December 2007. CTV-21 still covers the Public side of local cable access with programming produced locally by CTV-21 by volunteers Dick Godfrey, Hilary Hall, and Lenny Stein, as well as pre-recorded programs received from outside sources, and from our membership in the New Hampshire Coalition for Community Media (www.nhccm.com).

CETV-22, the Education Channel provides live and recorded sports from Chester Academy, other pre-recorded programming, and the monthly School Board Meeting. Their portion of the PACT fund supports equipment expenses that they incur throughout the year. Equipment purchased from PACT funds since April 1, 2003 are the property of the town of Chester, and not exclusive to the Chester School District. Chester Academy has an active Audio/Video Club, and a program coordinator to maintain CETV-22 for the benefit of the Town.

Fortunately this year, there have been no significant equipment purchases, nor upgrades to the operation. The only real expenses have been repayment to the General Fund of telephone, heat and electricity for the CTV-21 & 20 Studio, affirming that Public Access Television in Chester is solely supported through franchise fees.

Public Access Community Television in Chester always welcomes new volunteers. We are happy to guide you through the basic steps to create your own Television Programs. CTV-21 has state of the art digital editing through Avid Express Pro technology that is available for use by volunteers. Some of you videophiles may already have an editing package on your home computers. Please share your "home movies" of an event that you have recorded, or even your summer vacation. If you need some help editing, we will help you. If it is a finished program, we will accept it on a finalized DVD for replay. You may contact us at 887-2288, or email pegtalk@chesterpublicaccess.org.

PACT Committee, Hilary Hall - Chair, Bob Grimm - Co-Chair, Dick & Marge Godfrey, Lenny Stein

Spring Hill Farm Conservation Area

Spring Hill Farm is a town-owned, working farm with 400 acres of fields, ponds and woodlands that was donated in 1996 by Miss Muriel Church. Miss Church realized the impact that the many subdivisions were having on the taxpayers, their associated education cost from the new students, and the loss of open space for the residents to enjoy.

Prior to her death in December of 2001, Miss Church set up a Board of Trustees to oversee the farm's activities and created a small Trust Fund to help defray the daily operational cost associated with the farm. The Trustees are required to use Principal Trust Funds only when necessary and requires unanimous vote by the Trustees.

Currently, the day-to-day operational costs are self-sustaining from rental payments, land leases and the sale of farm-produced products such as hay. Tenants of the farmhouse maintain the property in a clean and orderly fashion, complete minor equipment repairs and perform minor building and fence repairs. The tenant also cares for the farm animals living on the property. The buildings and property belong to the town, not the Trust, and it was agreed upon many years ago by the Selectmen that the town would be responsible for building maintenance and the Trust for its operation.

Photo of Muriel Church

Miss Church had three wishes for the future of her farm; namely:

- 1) The property be used by the residents of Chester for recreational and educational activities,
- 2) With help from the town and its residents, the farm continues as a working farm for as long as economically feasible, and
- 3) The animals on the property, upon her death, are to be allowed to reside on the farm for their natural lives.

Miss Church continued to live on the farm after donating the land to the town and was always pleased to see someone stop by for a visit and that the town and its residents were taking part in its maintenance and repairs. Upon her death, she was content with the knowledge that the town would take every possible step to help ensure that her farm continues to operate, be properly maintained,

and that the residents would continue to benefit from her generous gift.

Spring Hill Farm continues to offer unique opportunities to the community; for example, the Trust leases a 10-acre field for Paco Vicunas (similar to Alpacas) and will be leasing a smaller field to a local organic farmer for production of organic vegetables. Successful Blue Bird nesting boxes were installed a few years ago by a local Cub Scout group. Delta Waterfowl (a non-profit environmental group similar to Ducks Unlimited) maintain existing and are installing new duck boxes along waterways on the farm. Many trails are located throughout the property for residents to enjoy with sponsored trail rides by horse riding groups such as the "Derry Trail

Riders". The Trustees are also searching for anyone interested with re-establishing the hay and sleigh rides. This is a community farm and the Trustees would like to see additional agricultural, recreation and education programs. Anyone who has an idea, please do not hesitate to contact one of the Board members or attend a Trustee meeting held the 3rd Wednesday of each month in the Town Office Building at 7:00pm. The Trust believes that every great endeavor must start with an idea.

We do ask that children visiting the farm be supervised; and to protect the privacy of our tenant, please do not enter the farmhouse itself unless invited. Also, let us know if you need to continue activities after dark.

Respectfully submitted,

Spring Hill Farm Trustees

Wason Pond Commission

Wason Pond Conservation and Recreation Area

(Formally known as “Silver Sands Campground”)

History

In January of 2003, the Town of Chester purchased 105 acres of land surrounding Wason Pond for the sum of 1.55 million dollars. The land was purchased with conservation funds, which had been set aside for use by the Conservation Commission to purchase properties and conservation easements. The Conservation Commission voted to approve the expenditure in order to acquire the property for mixed conservation and recreational uses.

A seven-person advisory committee oversaw the writing of the conservation easement, which has been placed on the property to protect it from future development or from activities or uses that would be out of keeping with accepted conservation practices. The committee also hired E. Ann Poole to draft a Master Plan for the property. This Plan outlines the development of ball fields, the reclamation and restoration of the shorelines, wetlands, and other environmentally sensitive areas. Once this committee had completed its tasks, it disbanded to be replaced by a Commission.

Membership

The Wason Pond Commission is composed of the following nine members, representing the following groups:

Conservation Commission	Baron Richardson (Chair)	(2- year term)
Conservation Commission	Charles Myette	(1-year term)
Recreation Commission	Bill Lonergan	(2-year term)
Recreation Committee	Bill Chirgwin	(1-year term)
Budget Committee	Chris Hadik	(2-year term)
Board of Selectmen	Mark Harris	(1-year term)
Member at Large	Brad Wamsley	(1-year term)
Alternate 1	Jean Methot	(2-year term)
Alternate 2	George Noyes (Chester Seniors)	(1-Year term)

Mission

The Commission's role is to provide oversight of the Wason Pond Conservation and Recreation Area, thus insuring that the Conservation Easement is being followed, the Master Plan is being implemented correctly, and to provide guidance for future projects and activities in and around Wason Pond.

Goals

- Once again a warrant article is being placed before the voters to reconstruct the failing dam at the end of Wason Pond. It is the Commission's goal to see this project through to completion for two reasons; the first being safety issues associated with a collapse of the existing dam, and the second the fact that by raising the head level of the dam, the beach areas and other aspects of Wason Pond will be significantly enhanced in the process.
- The Commission in cooperation with the Recreation Coordinator has scheduled a May cleanup day to removal unsafe and unsightly utilities left over from the days of the campground.
- The Community Center well is also planned for replacement this year with an additional line to be run to the playground for an outdoor drinking fountain. This initiative for the drilling of the well and for the installation of the bubbler comes out of a proposed State Revolving Loan Fund/Grant Award to Chester as part of the President's economic stimulus package.

of Linda Mansur*

What's happening at Wason Pond?

- 2009 Summer recreation program returns to Wason Pond.
- Chester Field of Dreams committee continues to raise money for ball field construction
- May cleanup
- Chester Academy Cross Country team uses trails to host meets.
- Spring fishing derby

- Summer Luau
- 2nd annual 5k trail race in September
- Walking, swimming, cross-country skiing, snowshoeing, kayaking, canoeing, horseback riding, bird watching, Frisbee golf, geocaching, are some of the many activities happening at Wason Pond

Future goals

- Construction of ball fields
- Restoration of the barn
- Trail improvements and shoreline stabilization
- Frisbee (disc) golf course
- Trail grooming for winter trail activities

Wason Pond is a beautiful, natural resource. We are very fortunate to have a multiple-use area such as this that is available for residents to use throughout the year.

The Commission meets on the first Monday of each month at 7 p.m. at the Wason Pond Community Center. All residents are welcome and encouraged to attend.

Respectfully submitted,

Chester Conservation Commission

The Chester Conservation Commission is a seven-member, all-volunteer board appointed by the Selectmen under the provisions of state RSA 36-A: 2, which allows municipalities in New Hampshire to establish commissions "for the proper utilization and protection of the natural resources and for the protection of watershed resources." This work includes preparing maps or plans, "keeping an index of open space and natural, aesthetic, or ecological areas" within the town in order to obtain information "pertinent to proper utilization of all such areas." The Commission acts as an advisory board to other town, state boards, and agencies involved in land use planning. The Commission responsibility is to conserve and protect natural resources and open space of Chester.

The Chester Conservation Commission meets on the first and second Tuesdays of each month at 7:00 PM. The first meeting is a planning meeting only and is not televised. The second meeting is used to review subdivision applications, wetlands permit applications, and other matters presented to the Commission for comment. Both meetings are open to the public and input is encouraged.

The Conservation Commission members are as follows: Charles Myette, Chairman; Baron Richardson, Jean Methot, Patrick Connelly, Treasurer, and Jennifer Sullivan. Currently the commission is in need of two members

The conservation commission is currently involved in the following activities:

Land Conservation - The Strategic Land Protection Commission (SLPC), voted into existence by town residents in order to better protect open space, is an arm of the Conservation Commission and the two boards work together to educate residents on the advantages of placing conservation easements on their property. Easements on land which limit their future development, and outright purchases of tracts of land are the goal of the SLPC. Funding for these transactions comes from the Land Use Change Tax, which is an assessment of a 10 percent fee on the cost of each house lot on land that was in the State of New Hampshire's Current Use program.

Last year, the SLPC made an offer to purchase a tract of land along the shores of North Pond and Ledge Road. Additionally, they are currently preparing easement documents on the 92 acre Hatton Property on Lane Road and a 30 acre parcel along the Exeter River to protect these lands as a Town forest and a natural area, respectively.

Wetlands Issues – The issue of wetlands continues to be a very sensitive area of concern throughout the Town and how they are protected, abused, and affected by urbanization. Over the past few years, the Conservation Commission has been mapping Chester's Natural Resources which included the mapping of all wetlands two acres and larger and identifying Prime Wetlands within the Chester Town Limits. Prime wetlands are unique wetlands that meet the requirements of the NH Department of Environmental Services classification and are sensitive environments deserving of protection from the effects of urbanization. Some of these areas are home to the Atlantic White Cedars that are 300-500 years old, Blackgum trees, and endangered or protected species such as Spotted or

Blandin turtles. The committee is currently working on mapping and defining potential “prime” wetlands.

Wason Pond – The Commission continues to be an active member of the Wason Pond Conservation and Recreation Commission. Two members of the Commission sit on the advisory board. The 105-acre WPCRA was purchased with \$1.55 million from the Town’s Conservation Fund and is governed by an easement that restricts use to recreation and conservation purposes. This past year the Conservation Commission completed and filed the Conservation easement and management plan for the property.

Easement Monitoring- Every easement purchased by the Town or donated to the Town requires ongoing monitoring by the Commission. It is not enough to say that a parcel of land has an easement; it must also be checked regularly to ensure that the terms of the easement are being upheld. The Town now has about twenty easement properties to monitor.

Mandated Easements - As land that is easy for development becomes used up in Chester, developers are increasingly looking at “marginal” lands that have wetlands and steep slopes for development. When the state approves a subdivision on such land, it typically asks for mitigation in the form of easements elsewhere in the development. As a result, the Town of Chester finds itself with an increasing number of easements that it may or may not necessarily have sought. Almost all of these easements are part of a private lot. As an example, Premiere Estates has five conservation easements – each on a separate lot, the North Pond development area will have two, and the Cedar View development on Ledge Road will have several lots impacted. The Commission reminds any property owner who has a conservation easement as part of their lot that they are

legally bound by the provisions of that easement and can be subject to legal action should they disregard those provisions. Any property owner with such an easement who has questions can contact the Conservation Commission for guidance. Additionally, with Chester's new Open Space Subdivision program 50% of the land must be placed in conservation and must be monitored. This year the Commission has been working with 3 developers preparing conservation easements for subdivisions

Exeter River Local Advisory Committee (ERLAC) - The Exeter River begins as a small stream in the protected Herrick Woods of Chester and gains strength from several tributaries before it tumbles over the dam in downtown Exeter and changes its identity to the tidal Squamscot River. More than 18% of the Exeter River Watershed lies within the Chester Town limits and because of the smaller size of the river near the head waters is more sensitive to change in water quality as a result of urbanization. Over the past 15 years, the impervious surfaces have doubled in Chester increasing runoff to the river. Along the way it passes through the communities of Raymond, Brentwood, Kingston, and Exeter. In order to help ensure the continued good health of this watershed, provide wildlife corridors and infiltrate runoff, a wetland buffer is in place to help filter runoff to the Exeter River corridor where it passes through Chester. ERLAC is a committee made up of members of all the towns through which the Exeter River flows including Chester. The committee is charged with developing a river corridor management plan and advising the DES and riverfront towns on matters affecting the river.

The Chester Conservation Commission contributes \$200 annually to ERLAC, and Patrick Connelly represents Chester on the committee. This year ERLAC has contracted an environmental consultant to map the geomorphology of the river to determine sensitive areas to protect.

Town Forests – The Conservation Commission also has the responsibility to manage the Town Forest properties. Currently, we are active in developing easements and management plans for the North Woods, the Hatton property, and the South Woods which have all been approved by the Town as Town Forest. Additionally, we are working with an U.S. Dept. of Agriculture Natural Resources Conservation service and a forester to develop and implement an invasive species management plan on these lands as part of a 3-year grant to the Town.

Trails - The Commissions trails sub-committee continues to work to map, maintain, and preserve the Town's bridle paths and hiking/biking trails. A GPS has been purchased by the Commission to help map and track changes to trails in this rapidly changing community. The Commission is working currently with developers and local users of the trails to identify and preserve trails on their property that have been long used by residents. The commission is seeking volunteers to help map Chester's trails.

Future Issues

Development – As Chester continues to develop access to the land formerly used by hikers, hunters and horse riders are slowly disappearing and natural resources are impacted. The Commission hopes that residents will continue to support their efforts to negotiate with developers for easements, protected areas, and concessions that will protect natural resources. Such efforts include the recent preservation of a large buffer along the Exeter River on the Mill Pine subdivision and the protection of several vernal

pools on the Cedar View subdivision. Both of these measures were due to the willingness of the developers to work with the Commission, rather than against it.

Vernal Pools – This year the Commission has been very involved with the Planning Board, NH Department of Environmental Protection, the US Environmental Protection Agency and local developers in establishing guidelines and mitigation practices to help minimize the impacts of development and urbanization on wetlands and, in particular, vernal pools. Vernal pools are those temporary wetlands used by frogs (spring peepers, for example) and other amphibians as breeding grounds in the spring. Vernal pools are not – as some say “every mud puddle in the woods.” The criteria for classification as a vernal pool are very detailed. Vernal pools are actually rare; and for that reason, deserve protection. The only protection these pools have is afforded by Table 2 of the town regulations which sets a 25 to 100-ft. buffer around these pools. There is not current State protection for these important natural resources. The loss of these pools spells doom for the species that use them and the loss of one more temporary reservoir for flood runoff waters. The Commission asks residents to support protection of these woodland pools.

Warrant Article for Manure Management – Chester welcomes horse owners; however, horse ownership brings with it an obligation to manage horse and barn waste properly. Back when there were numerous fields and farms in town, the waste could be spread on fields as amendments to the soil. Now, with the disappearance of farms and with fields turning into housing developments, there is less opportunity to dispose of manure in this way. A single horse generates more than a half-ton of manure a year that needs to be disposed of. The State of New Hampshire provides guidelines for disposal and offers grants to horse owners to construct proper storage areas. In an effort to protect water supply wells last year, the Conservation Commission, working with the Chester Health Officer and Planning Board, developed a Warrant Article to regulate setbacks of paddocks and live stock areas from water supply wells similar to septic systems. This year the Commission sponsored a Manure Management Workshop that presented several techniques on manure management, composting and anaerobic digestion for production of methane to produce energy. Over 30 horse owners from farms across NH and VT attended.

Commission Membership – The Commission Meetings are open to the public, and welcomes new members and alternate members who wish to have a hand in the future of Chester and the preservation of its natural resources and rural characteristics. Anyone interested in joining the Commission should contact Chuck Myette at 887-3719.

Exeter River Local Advisory Committee

The Exeter River Local Advisory Committee (ERLAC) celebrated its 12th year of stewardship of the river and watershed in 2008. The year was marked by productive partnerships with several organizations, including the Rockingham Planning Commission, NH Department of Environmental Services, NH Coastal Program, and NH Estuaries Project. These partnerships provide ERLAC with an opportunity to work with local Conservation Commissions to advocate effectively for the protection of natural resources throughout the watershed.

ERLAC partnered with the Raymond Conservation Commission to hold the seventh annual vernal pool workshop in May. Children and adults waded into woodland pools to identify salamanders, turtles and clusters of frog eggs. Development of forestland threatens vernal pools in every watershed community.

Several ERLAC members spent the summer working with the NH Department of Environmental Services to collect and identify macroinvertebrates in the Exeter River and its tributaries. These intrepid volunteers waded into the water at several locations to capture and identify bugs hiding under rocks in rapid sections of the river. Macroinvertebrates are used as an indication of water quality. ERLAC members are also actively monitoring water temperature and other indicators. Results from these sampling programs will be available in early 2009 on ERLAC's website, www.exetterriver.org.

In October, ERLAC partnered with the Great Bay Chapter of Trout Unlimited, NH Fish and Game, and the NH Department of Environmental Services to hold a fly-fishing workshop for children. With Trout Unlimited guides beside them, dozens of kids had an opportunity to learn how to cast and how to catch trout from the Exeter River just below Pickpocket Dam. Staff from the NH Department of Environmental Services also worked with kids and their parents to identify macroinvertebrates found in the river and explain why these creatures are such an important indicator of the impacts of land use on water quality and quantity. A volunteer from NH Fish and Game was also on hand to teach kids how to tie their own fishing flies, rounding out a wonderful day of fishing and learning on the Exeter River.

ERLAC continues to work closely with the NH Department of Environmental Services and the consulting firm Bear Creek on a Geomorphic Assessment of the Exeter River. The consultants and ERLAC members have walked miles and miles of the river corridor identifying erosion and other threats to water quality. ERLAC will be working closely with watershed Conservation Commissions in 2009 on restoration of several of the sites identified.

ERLAC meets the fourth Tuesday of each month at 7:00 p.m. in the conference room at the Rockingham County Nursing Home in Brentwood. Representatives are needed from Chester. Remember, the River starts here! Please call 778-0885 for more information, or visit www.exetterriver.org.

REPORT OF INDEPENDENT AUDITORS

To the Board of Selectmen

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Chester, New Hampshire, as of and for the year ended June 30, 2008, which collectively comprise the Town of Chester's basic financial statements as listed in the index. These financial statements are the responsibility of the Town of Chester's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Chester, New Hampshire, as of June 30, 2008 and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information on pages 2 through 7 and 36 through 39 are not a required part of the basic financial statements but are supplemental information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

Respectfully submitted,

TOWN OF CHESTER, NEW HAMPSHIRE
MANAGEMENT'S DISCUSSION & ANALYSIS

As management of the Town of Chester, we offer readers of the Town's Financial Statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2008. We encourage readers to consider the information presented here in conjunction with additional information furnished in the financial statements and notes of this report.

FINANCIAL HIGHLIGHTS

- The assets of the Town of Chester exceeded its liabilities at the close of the fiscal year by \$15,258,389 (net assets). Of this amount, \$1,178,058 (unrestricted net assets) may be used to meet the Town's ongoing obligations to citizens and creditors in accordance with the Town's fund designation and fiscal policies.
- The Town's total net assets increased by \$413,254.
- As of the close of the current fiscal year the Town of Chester's combined governmental funds reported ending fund balances of \$2,885,337 of which 65.9% (\$1,900,466) of this total is unreserved and available for use.
- At the end of the current fiscal year, the unreserved fund balance in the General Fund was \$1,088,344 or 9.8% of the General Fund's expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's financial statements are comprised of three components:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to the financial statements

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements - These statements are designed to provide readers with a broad overview of the Town's finances in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all the Town's Assets and Liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net assets changed during the fiscal year. All changes in net assets are reported when the underlying events giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods. (For example uncollected taxes and earned but unused compensated absences.)

(Continued on next page)

TOWN OF CHESTER, NEW HAMPSHIRE
MANAGEMENT'S DISCUSSION & ANALYSIS

The governmental activities of the Town include general government and administration, public safety, development services and culture and recreation.

Fund Financial Statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term effect of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains fourteen governmental funds. Data from thirteen of these funds are combined into a single aggregated presentation.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENTAL WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of government's financial position. The Town of Chester's assets exceeded liabilities by \$15,258,389.

The largest portion of the Town's net assets (82.5%) reflects its investments in capital assets (e.g. land, buildings, equipment, improvements, construction in progress and infrastructure) less any debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide service to citizens; as a result, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Financial Analysis of the Governmental Funds

The focus of the Town of Chester's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of governments net resources available for spending at the end of the fiscal year.

(Continued on next page)

TOWN OF CHESTER, NEW HAMPSHIRE
MANAGEMENT'S DISCUSSION & ANALYSIS

At the end of the fiscal year, the Town of Chester's governmental funds reported a combined ending fund balance of \$2,885,337. Approximately 65.9% of this total amount (\$1,900,466) constitutes the unreserved fund balance. The remainder of the fund balance is reserved to indicate it is not available for new spending because it has been committed 1) to pay for encumbrances (\$106,610) and 2) reserved for Permanent Funds Principal (\$878,261).

The fund balance at the end of the fiscal year of \$2,885,337 maintains a reasonable financial position for the Town.

General Fund Budgeting Highlights

Revenues for the fiscal year exceeded the budget by \$92,058. Total Town expenditures (including capital outlay) were less than budget by \$323,427. The additional revenue, combined with favorable spending, resulted in an excess of actual revenues over expenditures of \$436,792 thereby increasing fund balance more than expected.

Capital Assets

The Town of Chester's investments in Capital Assets for its activities as of June 30, 2008 amounts to \$15,560,084 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, vehicles, infrastructure and construction in progress.

The only major capital asset event during the current fiscal year included the following:

Land Additions	\$ <u>78,500</u>
Capital Assets at Year-End Net of Accumulated Depreciation	
Land and Improvements	\$ 4,594,531
Buildings and Improvements	4,877,207
Infrastructure	14,041,456
Furniture, Equipment and Vehicles	1,165,566
Construction in Progress	1,533,839
Accumulated Depreciation	<u>(10,652,515)</u>
Total Capital Assets Net of Depreciation	<u>\$ 15,560,084</u>

Debt Administration

At the end of the current fiscal year, the Town of Chester had a total bonded debt and capital leases payable (including interest) of \$3,022,424; all debt is backed by the full faith and credit of the Town government.

(Continued on next page)

TOWN OF CHESTER, NEW HAMPSHIRE
MANAGEMENT'S DISCUSSION & ANALYSIS

Outstanding Debts at Year-End (Capital Only)

Road Bond	\$ 1,470,000
Landfill	
Fire Station	275,000
Conservation	<u>1,200,000</u>
Total	<u>\$ 2,945,000</u>

Moodys Investors Service rates the Town of Chester (AAA) for all bonds.

Economic Factors and Next Year's Budget & Rates

The Town of Chester, located in Rockingham County, allows for easy access to major cities and municipalities with major interstates surrounding its borders. In Massachusetts including Greater Boston, Haverhill, Lawrence, Lowell & Andover while the New Hampshire communities of Manchester, Nashua, Concord & Portsmouth are all within easy commuting distance. Between the years 1990 to 2006 Chester's population grew 69%.

As of June 30, 2008 New Hampshire's unemployment rate was 4.3%. Rockingham County was also at 4.3%. Both are below the national average of 5.5%.

As a result of the slowing economic factors and rising population, the Town is striving to meet the demands of the community while working within the confines of appropriations for only those items that are truly necessary. The 2008-2009 budget showed a modest increase of 4.5%.

Requests for Information

The financial report is designed to provide our citizens, investors and creditors with a general overview of the Town's finances. If you have questions about this report or need additional information, please contact the Finance Office, 84 Chester Street, Chester, NH 03036, or call (603) 887-4277 or e-mail chesterfindir@gsinet.net.

TOWN OF CHESTER, NEW HAMPSHIRE
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES (STATEMENT 2)
FOR THE YEAR ENDED JUNE 30, 2008

<i>Net Change in Fund Balances - Total Governmental Funds</i>	\$ 134,688
<i>Amounts Reported for Government Activities in the Statement of Activities Are Different Because of the Following Items:</i>	
Governmental Funds Report Capital Outlays as Expenditures. In the Statement of Activities the Cost of Those Capital Outlay Items are Capitalized and the Cost of Those Capitalized Assets is Then Charged Over Their Estimated Useful Lives as Depreciation Expense. This is the Amount by Which Depreciation Expense Exceeded Capital Outlay Expenditures in the Current Period.	(422,343)
The Repayment of Bond and Capital Lease Principal is an Expenditure (Debt Service) in the Governmental Funds. The Repayment of Principal Reduces Long-term Liabilities in the Statement of Net Assets.	711,931
Payment of Interest is Reported as an Expenditure When Due in the Governmental Funds. Interest is Accrued at Year End in the Statement of Activities.	3,462
Revenues Reported in the Statement of Activities That do NOT Provide Current Financial Resources ARE NOT REPORTED as Current Year's Revenues in the Funds Statement:	
Property Taxes	(19,313)
Welfare Liens	2,193
Prepays	7,500
Some Expenses Reported in the Statement of Activities, Such as Compensated Absences and Estimated Landfill Closure Costs, do NOT Require the Use of Current Financial Resources. Accordingly, They Have NOT Been Reported as Expenditures in the Governmental Funds.	(4,864)
<i>Change in Net Assets of Governmental Funds - Statement 2</i>	<u>\$ 413,254</u>

Part X SUPPLEMENTAL INFORMATION WORKSHEET
A. INTERGOVERNMENTAL EXPENDITURES

Report payments made to the State or other local governments *on reimbursement or cost-sharing basis*. Do not include these expenditures in Part VIII.

Purpose (a)	Account No. (b)	Amount (c)
Payments made to other local governments for:		
Schools	M12	-
Sewers	M80	-
All other - County	4931 M89	-
All other - Towns	4199 M89	-
Payments made to State for:		
Highways	4319 L44	-
All other purposes	4199 L89	-

B. DEBT OUTSTANDING, ISSUED, AND RETIRED

Long-term debt purpose (a)	Bonds outstanding at the beginning of this fiscal year (b)	Bonds during this fiscal year		Outstanding at the end of this fiscal year (e)
		Issued (c)	Retired (d)	
Industrial revenue	19T -	24T -	34T -	44T -
All other debt	19U \$ 3,599,534	29U -	39U \$ (654,534)	49U \$ 2,945,000
Interest on water debt	19I -			

C. SALARIES AND WAGES

Report here the total salaries and wages paid to all employees of your city before deductions for social security, retirement, etc. Include also salaries and wages paid to employees of any utility owned and operated by your government, as well as salaries and wages of city employees charged to construction projects. These amounts may be taken from the W3 form filed by your government for the year ended December 31.

Total wages paid

200
\$ 933,550

D. CASH AND INVESTMENTS HELD AT END OF FISCAL YEAR

Report separately for each of the two types of funds listed below, the total amount of cash on hand and on deposit and investments in Federal Government, Federal agency, State and local government, and non-governmental securities. Report all investments at market value. Exclude accounts receivable, value of real property, and all non-security assets.

Type of fund (a)	Amount at end of fiscal year Omit cents (b)
Bond funds - Unexpended proceeds from sale of bond issues held pending disbursement	W31 \$ -
All other funds except employee retirement funds and nonexpendable trust funds.	W61 \$ 5,038,609

Part XI CERTIFICATION

This is to certify that the information contained in this report was taken from official records and is complete to the best of our knowledge and belief.

Signatures of a majority of the governing body:

Stephen O. Raymond 10-14-08
John E. Curran 12/14/08
Jim T. B. 12/15/08

GENERAL INSTRUCTIONS

Three copies of this report are sent to each municipality. Selectmen, treasurer and tax collector are expected to cooperate in making out this report. When completed, one copy should be returned to the Department of Revenue Administration and one copy should be placed in your municipal records. The third copy is for use in preparing the annual printed report for the voters.

Please be sure you have completed Part X, items A-D.

WHEN TO FILE: (RSA 21-J:34, V)

- * For cities/towns reporting on a calendar year basis, this report must be filed on or before April 1.
- * For cities/towns reporting on an optional fiscal year basis (year ending June 30), this report must be filed on or before September 1.

WHERE TO FILE

Department of Revenue Administration
State of New Hampshire
Municipal Services Division
PO Box 487
Concord, NH 03302-0487

Report of the Budget Committee

Fiscal Year 2009-2010

To the Citizens of Chester:

The Budget Committee is pleased to provide this report to the residents and taxpayers in Chester summarizing our activities in developing this fiscal year 2009-2010 proposed Budget Committee operating budget for the Town of Chester. As most of us in town are aware our economy is in the midst of a fundamental change.

The Budget Committee is keenly aware of the series of "bubble economies" that have burst. The simultaneous down turn in both our real estate and the financial and credit markets are impacting both the private and public sectors. As this translates into the highest unemployment rates in decades we are all feeling the impact as more and more Americans see losses in their incomes.

In New Hampshire, real estate taxes on our homes and commercial properties, and tax on the registration of Motor Vehicles, remain the primary sources for local government revenues. As we considered the budget this year, the Committee thought it would be prudent to consider the effect of a potential shortfall in revenues available from the State and possible Federal sources, as well as the increasing financial tax pressure on the taxpayers.

The purpose of the Budget Committee is to provide an independent oversight and review of proposed appropriations from the various town departments which are funded with your tax dollars. Such inquiry includes what we believe is reasonable expectation of the taxpayers for justification in both need and value on a yearly basis. Those that understand the process will agree that not all requests and perceived needs are 100% satisfied. The Budget Committee, nevertheless, is confident that it developed a budget that is fair and serves the needs of Chester residents through the end of June 2010 and its potential impact on years to come.

Against this backdrop, the Budget Committee spent many hours considering and reconsidering budget requests. Our recommendation on the Town operating budget is \$259,000.00 less than what the Selectmen would like to have you approve. Further, our view of fiscal needs is quite different when it comes to Warrant Articles. The Budget Committee is supporting Warrant Articles in the amount of \$291,000.00 as opposed to the Board of Selectmen recommendation of \$2,400,000.00. We differ both in our conservative fiscal approach as well as our concern about the prudence of increasing personnel and equipment during a time of questionable revenue streams.

Comparison of the Recommended Budget vs. Current Budget

The Budget Committee has recommended a lower budget than last year. There are two major driving factors for this. The first is that two years ago voters established a Winter Reserve Maintenance Fund and funded it with \$85,000. This money was to be made available to the Road Agent to supplement his plowing, salt and sand budget in the event of an unusually severe winter.

Last year, the voters were mistakenly led to believe that they were voting to “replenish” the fund with \$85,000. In fact, the original \$85,000 that was raised by taxes and deposited into that fund the previous year was never spent. Thus, the fund now has grown to \$180,000 with accrued interest. The Budget Committee’s position is that half of this money, \$85,000, should be spent down from the Winter Maintenance Reserve Fund. The Selectmen should fund the Road Agent from the Winter Maintenance Reserve Fund, if the plow line in the Budget Committee recommended Operating Budget of \$65,000 is exceeded, during the upcoming year for winter maintenance. This would still leave approximately \$90,000 in the Winter Maintenance Reserve Fund in the event of a severe winter.

Second, the town paid off some of its long-term debt of approximately \$65,000. The Budget Committee made a conscious effort not to maintain level spending and automatically supplant this by supporting new expenditures. These two factors alone account for \$150,000 of the \$265,000 decrease in this year’s Budget Committee Operating Budget. The bulk of the remainder of the Committee’s recommended decrease is in the General Government Departments. Examples of proposed reductions are in the amounts of funding for the Building Inspector and Planning Board’s lines due to decreased construction activity. The Budget Committee is recommending our town undertake the same kind of “belt tightening” the rest of the nation is undergoing, only nowhere near to the same extent.

Comparison between the Recommended Budget of the Budget Committee and the Board of Selectmen’s Recommended Budget

The Budget Committee has also recommended a lower budget than the Selectmen. Again there are two major factors that resulted in this \$259,000 difference in the operating budget (not including warrant articles.). This first, as mentioned earlier, is the reduction in the Road Agent’s plow line. This Committee’s position is that the inadvertent overfunding of the Winter Maintenance Reserve Fund this past year should be used to reduce these costs during the coming fiscal year.

The second major factor that reduced the Budget Committee’s recommended budget is the removal of two additional full time police officers from the Police Department’s operating budget request for the coming fiscal year. The Budget Committee is of the position that adding two new police officers should be on two separate warrant articles, each to be voted on by the citizens.

The Board of Selectmen would like these new positions to be part of the upcoming larger operating budget. However, the Budget Committee recommendation is that new employment positions should, as in the past, be approved by the voters first. This recommended change moved \$135,000 out of the operating budget. These two items alone account for 75% of the difference between the two budgets.

Budget Committee Methodology

The Budget Committee’s budget takes into account previous years’ spending as well as this year’s actual spending. The Budget Committee obtained updated monthly expenditures throughout our analysis and met or offered to meet with each department. Sometimes, budget requests were submitted in writing. Other times, such as for the larger departments, particularly the Public Safety (Fire and Police) as well as the Road

Agent's Department, the Budget Committee met with department heads several times. The Budget Committee made decisions on information that was submitted.

The Budget Committee, as we have in the past, required actual estimates and some documentation showing reasonable proof of needs. The Budget Committee considered the surpluses that the Town has experienced in recent years and whether those surpluses were likely to repeat this year. As of April, 2009 the Committee projected a \$120,000.00 surplus for this current fiscal year. The Committee considered that one-time expenditures, such as from the ice storm, skewed spending lines upward but that the same would result in reimbursement to the town from the Federal Emergency Management Administration (FEMA).

The Budget Committee has taken the position that the voters should know what they are voting to spend their money on. In keeping with that theme, the Committee requires that large capital items or new employment positions should be placed in separate warrant articles so that their costs are clear to the voter, as opposed to being lost within a \$3 million dollar budget where such an item may not be so clear.

Understanding that new employees carry a substantial cost in both their salary and benefits package; and will become a long-term cost, once adopted, it becomes imperative that voters should decide through the ballot process on accepting or rejecting the warrant article authorizing new hires. In the case of new employees, should the warrant article be voted affirmatively by the voters, those employees become part of the Operating Budget in the following fiscal year.

The Budget Committee analyzed and determined that approximately 70 items within the Town's budget could be reasonably adjusted or reduced. Removing the two (2) new full time police officers from the Operating Budget and forcing their placement on two separate warrant articles and the reduction of the plow line in the Highways and Roads, previously discussed above, constitute some of the significant differences between budgets.

The Selectmen's budget on the surface appears to be level with past years. In reality, because of the \$85,000 replenishment in the Winter Maintenance Reserve Fund and a \$65,000 reduction in debt service, it actually represents a significant increase in spending at a time when most individuals and governments are challenged to even maintain funding current spending levels.

The Budget Committee also continues to insist on being able to communicate with the taxpayers. Five years ago, the residents of Chester chose to install an oversight committee (the Advisory Committee became an Official Budget Committee pursuant to the Municipal Budget Act.) Without one, the town regularly experienced significant percentage increases while not even knowing how and what amount the Town had in reserve. In the past five years that the Town has had an official Budget Committee, the average growth rate of Town spending has been approximately 5%, whereas in the five years prior to the official Budget Committee, the average growth rate was 19.8%.

The following chart demonstrates the dollar and percentage change in the town budget since 2000. The percentage rates are derived from a review of the actual town budgets in Chester Town Reports produced since fiscal year 1999-2000.

**Town of Chester New Hampshire
Budget Percentage Growth
1999-2000 to 2009-2010**

Town Revenues

The Committee has undertaken a review the Town's anticipated revenues. In the past, underestimating revenues contributed to higher taxes. Underestimating revenues resulted in increases to the general fund's unreserved fund balance (the town's reserve).

The Committee is of the opinion that this sort of activity can lead to a false sense of wealth, and provides a disincentive to build the reserve for better fiscal management of expenses, rather than by under budgeting revenues, unintentionally or not.

Conclusion

In conclusion, it has been our privilege to again provide our recommendations, based upon our analyses undertaken this year. We remain accessible for your questions and comments. The Committee will be prepared to speak to the operating budget and warrant articles at the Town Meeting.

Voters are reminded that although anyone can make an amendment to the operation budget warrant article, the overall amount appropriated cannot exceed the total of 10% of the Budget Committee's recommended operating budget and warrant articles *less* bonds, most notes and mandatory assessments.

Respectfully Submitted.

Thomas LaPorte, Vice Chairman

On behalf of the Chester Budget Committee

Town of Chester

New Hampshire

2009 Proposed Warrant & Budget

2009 Proposed Warrant & Budget

State of New Hampshire

To the inhabitants of the Town of Chester, County of Rockingham, State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Chester Municipal Offices in said Chester on Tuesday, the twelfth (12th) day of May next, at 8:00 AM to act on Articles 1-3. The polls will close at 7:00 PM. After the ballots are counted, the Meeting will continue on Wednesday, May thirteenth (13th) at 7:00 PM in the Chester Multipurpose Room. Article 4 through Article 29 will be taken up at that time.

Article #1. To choose all necessary Town Officials for the ensuing year.

Article #2

Are you in favor of the adoption of **Amendment #1** as proposed by the Planning Board for the town-zoning ordinance as follows?

Amend: Amend the Town of Chester Zoning Ordinance as follows:

Amend certain sections of Article 6.14 "Affordable Housing Requirements," to comply with new R.S.A.'s 674:58 and 674:60 governing "Workforce Housing" which will take effect on July 1, 2009; amend Section 6.4 "Definitions" by adding the term "Multi-Family Housing" and defining said term in accordance with new R.S.A. 674:58; amend Section 6.5 "Permitted Uses" by redefining what constitutes a "multi-family dwelling" in accordance with new R.S.A. 674:58; and amend Article 2 – "Definitions", Section 2.38, by renaming and redefining "Multi-Family (Dwelling) Housing" in accordance with new R.S.A. 674:58.

Article #3

Are you in favor of the adoption of **Amendment #2** as proposed by the Planning Board for the town-zoning ordinance as follows?

Amend: Article 16 – Groundwater Protection

Amend Article 16 – Groundwater Protection by adding to Section 16.3 Definitions the terms "Loam" and "Topsoil" and defining said terms, and renumber subsequent sections, and amend Subsection 16.6.9 by reducing the depth of loam or topsoil required from six (6) inches to four (4) inches.

Special Warrant Article #4

(Passage of this Article shall override the 10 percent limitation imposed on this appropriation due to the non-recommendation of the Budget Committee.)

Shall the Town vote to raise and appropriate the sum of one million, four hundred thousand dollars (\$1,400,000) for the reconstruction of 6/10 of a mile of East Derry Road and paving of 4/10 of a mile of the rest of said road, and for replacement of culverts on both Edwards Mill Road and Halls Village Road and other necessary road construction in Town and to further authorize the issuance of not more than one million, four hundred thousand dollars (\$1,400,000) of bonds and/or notes in accordance with the provisions of the Municipal Finance Act (NH RSA Chapter 33:8), and to authorize the Selectmen to issue and negotiate, such bonds and/or notes to determine the rates of interest thereon, and to authorize the Selectmen to accept any funds from the State of New Hampshire, the Federal Government and private sources, as they may become available.

Fees paid to the NH Bond Bank and legal fees associated with the bond are included.

(2/3 ballot vote required)

(Selectmen Recommend)

(Budget Committee Does Not Recommend) .

Special Warrant Article #5

Shall the Town vote to raise and appropriate the sum of seventeen thousand, eight hundred seventy-five dollars (\$17,875) for the purpose of drilling a new well and installing a drinking fountain in the vicinity of the playground and parking area at the Wason Pond Community Center and further to authorize the issuance of not more than seventeen thousand, eight hundred seventy-five dollars (\$17,875) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Ch.33) and authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon through the New Hampshire Department of Environmental Services Drinking Water State Revolving Loan Fund created for this purpose and further raise and appropriate the sum of three thousand, eight hundred thirty-three dollars and thirty cents (\$3833.30) for the first year's payment on said note and to apply for, accept and expend any federal, state, or other grants for this project and to take any other action necessary to carry out this vote. It is anticipated that by participating in the DES Drinking Water Revolving Loan Fund, 50% of the principal balance on the loan authorized by this Article will be forgiven.

(Tax Impact 0.04 cents)

(2/3rds ballot vote required)

(Selectmen Recommend)

(Budget Committee Recommends)

Special Warrant Article #6

Shall the Town vote to authorize the Selectmen to enter into a six-year lease/purchase agreement for one hundred ninety thousand dollars (\$190,000) for the purpose of purchasing and equipping a Rescue Truck for the Chester Fire Department payable over a term of 60 months. There will be no payment in 2010. The first payment of forty-five thousand seven hundred thirty-seven dollars (\$45,737) will be made in 2011; the last payment will be made in 2015. The lease/purchase will contain an escape clause.

(No Tax Impact Year 1)

(Tax Impact 0.08 cents Year 2-6)

(Selectmen Recommend)

(Budget Committee Does Not Recommend)

Special Warrant Article #7

Shall the Town vote to raise and appropriate the sum of sixty-seven thousand, one hundred twenty-one dollars (\$67,121) to hire a new full-time officer for the Chester Police Department [with a salary of thirty-five thousand, three hundred sixty dollars (\$35,360) per year, health insurance costs of twenty-four thousand, seventy-seven dollars (\$24,077), a New Hampshire Retirement match of four thousand, four hundred eighty-four dollars (\$4,484) and a full uniform and equipment cost of three thousand, two hundred dollars (\$3,200)], said hiring to be conditioned upon the Selectmen receiving a grant for 100% of the officers salaries and benefits from the COPS Hiring Recovery Program Federal Grant which, if awarded, would provide salary and benefits for three (3) years and require the Town to retain the position awarded under the Grant for a period of one year (12 months) following the conclusion of grant funding.

(Tax Impact 0.01 cents - Uniform & Equipment)

(Selectmen Recommend)

(Budget Committee Recommends)

Special Warrant Article #8

Shall the Town vote to raise and appropriate the sum of sixty-seven thousand, one hundred twenty-one dollars (\$67,121) to hire a second new full-time officer for the Chester Police Department [with a salary of thirty-five thousand, three hundred sixty dollars (\$35,360) per year, health insurance costs of twenty-four thousand, seventy-seven dollars (\$24,077), a New Hampshire Retirement match of four thousand, four hundred eighty-four dollars (\$4,484) and a full uniform and equipment cost of three thousand, two hundred dollars (\$3,200)], said hiring to be conditioned upon the Selectmen receiving a grant for 100% of the officers salaries and benefits from the COPS Hiring Recovery Program Federal Grant which, if awarded, would provide salary and benefits for the officer for three (3) years and require the Town to retain the position awarded under the Grant for a period of one year (12 months) following the conclusion of grant funding.

(Tax Impact 0.01 cents - Uniform & Equipment)

(Selectmen Recommend)

(Budget Committee Does Not Recommend)

Article #9

To see if the Town will raise and appropriate the Budget Committee recommended sum of three million, one hundred seventy-nine thousand, nine hundred eighty-nine dollars (\$3,179,989) for the support of Town government for the payment of salaries and for the payment of statutory obligations of the Town. This article does not include appropriations voted in other warrant articles.

4100	General Government	\$1,096,248

Article #21

Shall the Town vote to raise and appropriate one hundred nine thousand, one hundred sixty-nine dollars (\$109,169) for road improvement programs to be recommended by the Highway Department and approved by the Board of Selectmen and authorize the Selectmen to accept and expend the Highway Block Grant in the amount of one hundred nine thousand, one hundred sixty-nine dollars (\$109,169) to offset this appropriation.

(Total Tax Impact .00)

(Selectmen Recommend)

(Budget Committee Does Not Recommend)

Special Warrant Article #22

To see if the Town will vote to raise and appropriate the sum of five thousand, eight hundred forty-five dollars (\$5,845) for the purpose of providing public, educational, and government access television in the Town of Chester. Said funds to be withdrawn from the Special Revenue Fund

established as the "PACT" Fund (Warrant Article 29, May 14, 2003), separate from the General Fund.

(Selectmen Recommend)

(Budget Committee Recommends)

Special Warrant Article #23

Shall the Town raise and appropriate the sum of forty thousand dollars (\$40,000) to replace four boilers and repair the boiler room in the Chester Municipal Complex. This sum to come from the unreserved fund balance and no amount to be raised by taxation.

(Tax Impact .00)

(Selectmen Recommend)

(Budget Committee Recommends)

Article #24

Shall the Town authorize the Board of Selectmen to enter into a five-year lease with the United States Postal Service for 1862 square feet on the first floor of the Ruth Ray Building with appropriate curtilage on such terms and conditions as the Selectmen determine are in the best interests of the Town.

Article #25

Shall the Town authorize the Board of Selectmen to enter into a lease with Gary and Sharon Welch for the amount of one dollar (\$1.00) per year for Town-owned land on Map 17, Lot 7, (for use as a driveway) for as long as the present occupants reside on said property or 10 years whichever is less.

Article #26

To see if the Town will adopt the National Incident Management System (NIMS) as the common foundation for incident management, coordination and support activities. If NIMS is adopted, all Town departments, offices and agencies responsible for managing and/or supporting incident response and disaster operations shall incorporate into their planning, training, and

operations the NIMS as prescribed by the United States Department of Homeland Security and the Town would officially adopt ICS (Incident Command System) for command and control of all incident response operations.

(Total Tax Impact \$0)

Article #27

Shall the Town adopt the provisions of RSA 32:5 V-a to require all votes of the Board of Selectmen and the Budget Committee relative to budget items or warrant articles be recorded votes and that the numeric tally on such vote be printed in the Town Warrant next to the affected warrant article?

Article #28

Submitted by Citizens' Petition

To see if the Town will vote to discontinue that portion of Bald Hill Road pursuant to RSA 231:43 being that portion that runs from Lane Road northeasterly to the Raymond Town line, bounded on the northwest by Tax Map 12 Lot 3 and the southeast by Tax Map 12 Lots 5 & 5-1 and further to authorize the Selectmen to convey the discontinued portion of the road to the abutting landowners.

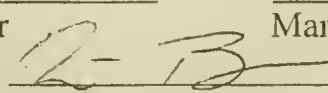

Article #29

To transact any other business that may legally come before the Town.
(*Selectmen recommend*)

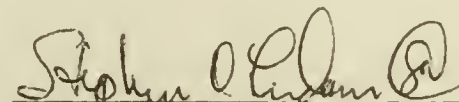

Chester Board of Selectmen

James Hassam, Chair

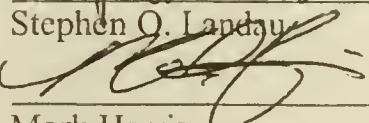

Jack Cannon, Vice Chair

Robert E. Brown

Stephen O. Landau

Mark Harris

BUDGET OF THE TOWN WITH A MUNICIPAL BUDGET COMMITTEE

CHESTER, NEW HAMPSHIRE

BUDGET FORM FOR TOWNS WHICH HAVE ADOPTED
THE PROVISIONS OF RSA 32:14 THROUGH 32:24

Appropriations and Estimates of Revenue for the Ensuing Year January 1, _____ to December 31, _____

or Fiscal Year From _____ July 1, 2009 _____ to _____ June 30, 2010 _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the operating budget and all special and individual warrant articles in the appropriate recommended and not recommended area. All proposed appropriations must be on this form.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address below within 20 days after the meeting.

This form was posted with the warrant on (Date): April 21, 2009

BUDGET COMMITTEE

Please sign in Ink.
